

MAKE A FINAL CLEMENCY PLEA

Parents of Harry Diamond, Con-
demned to Die in Electric Chair,
Appeal to Gov. Branch

GOVERNOR STANDS BY RULING

Says Lake County Wife Slayer Was
Sane at Time of Murder and Re-
fuses to Grant Stay

Indianapolis, Ind., Nov. 13—The
parents of Harry Diamond, awaiting
execution in the state prison at
Michigan City tomorrow for the
murder of his wife, were making
their last futile appeal for clemency
to Governor Branch today.

Mr. and Mrs. Joseph Diamond of
Gary, Ind., parents of the condemned
man, were at the office of the
governor this morning to plead for
their son.

The governor stood upon his
ruling that Diamond was sane at the
time of his murder and refused to
stay the execution.

Michigan City, Ind., Nov. 13—
Harry Diamond, Lake county wife
murderer, today saw his last sun-
rise, ate his last hearty breakfast
and had no word for anyone.

Between midnight tonight and sun-
rise Friday morning Diamond will go
to his death in the electric chair at
the state prison here.

E. J. Fogarty, warden of the pri-
son, announced the execution, the
first in Indiana since 1919, was set
"for a few minutes after midnight."

When apprised that Governor
Branch had refused to stay his execu-
tion Diamond paused in his metho-
dical pacing in his cell and listened
attentively.

He received the word without a
change of expression of his face,
declared he had no statement to
make, and then resumed his metho-
dical four steps and turn.

The condemned man spent the
morning in his cell and was permitted
to read the morning papers.

He was to see visitors, including
members of his family, for a few
moments this afternoon and will then
be taken to the death cell.

In refusing to commute Diamond's
sentence to life imprisonment, Govern-
or Branch declared he had been
given a fair trial by jury and was
sane at the time of the trial and
had been sane since that time, and
that he found no legal grounds for
preventing the execution.

RELEASED ON ADVICE STATE FIRE MARSHAL

Mrs. Elsie Davis, 24, Accused of
Arson, Freed Because Evidence
Was Thought Insufficient

PROMISES TO LEAVE STATE

Mrs. Elsie Davis, age 24, the wo-
man who was held on a charge of
arson, being accused of setting fire
to the barn on the G. P. Maury
farm last week, was released from
jail late Wednesday, when word
from the state fire marshal's office
was received, stating that they did
not believe the evidence sufficient to
convict.

Mrs. Davis was taken to the of-
fice of Newman T. Miller, state fire
marshal on Tuesday, where she and
other witnesses were examined in
the matter. She was brought back
here and placed in jail to await the
decision of the preliminary hearing.

Newman T. Miller in his message
to Sheriff Hunt last night, stated
that if it was agreeable to the parties
concerned in Rush county, that
he was of the opinion that the evi-
dence was not strong enough to
warrant prosecution. He suggested
that she go free, upon condition
that she and her husband, Charley
Davis, leave the state, and return to
their home in Missouri. The people
consented to leave, and disappeared
after she was released.

\$500 JUDGMENT ASKED

A complaint on an account has
been filed in the circuit court, the
plaintiff being Hibben, Hollweg
Company of Indianapolis against
Walter S. Mansfield of Milroy, and
the demand for judgment is \$500.

MISS ANNE FORD SUCCEUMS

Dies at Mother's Home here of Heart
Trouble at Age of 32

Miss Anne Ford, daughter of Mrs.
Amanda Ford, expired Wednesday
evening at 6:15 o'clock at the fam-
ily home, 402 North Sexton street,
death resulting from heart trouble
and complications extending over a
period of four weeks.

The deceased was born in this
county, and was 32 years of age.
Her father, Isaac Ford, died several
years ago. The mother is the sole
survivor. Funeral services will be
held Friday afternoon at 1:30 o'-
clock at the late residence, in charge
of the Rev. H. W. Hargett, and
burial will be made in the cemetery
at Arlington.

OBSERVANCE IN SCHOOLS PLANNED

Program For American Education
Week is Announced by County
Superintendent Farthing

SPEAKERS ARE ASSIGNED

Night Session of School in Rush-
ville Planned to Give Patrons
Opportunity to Attend

Various speakers have been as-
signed to the township schools of
the county for the annual observance
of American Education Week, which
will be held next week, and in the
list of speakers will be local per-
sons, as well as those associated
with the state department of educa-
tion.

Appropriate programs also are
being arranged in the schools for the
observance of the week, and it is
expected that considerable interest
will be aroused in Rush county over
the educational programs.

In Rushville city the program is
being worked out, and it is planned
to hold a night session of all public
schools, both grades and high
schools next Wednesday night, in
order that all school patrons can
attend the schools and see how they
operate.

This plan will be announced in
more detail in a few days, and as
soon as the plans have been com-
pleted.

Foremost among the speakers for
the county next week will be Prof.
Sherwood of Franklin, who is the
state superintendent of public in-
struction, and who will assume
charge of the office soon, succeeding
Benjamin Burris, the present head.
The new superintendent will be in
Rush county on next Thursday.

He will address the Kiwanis club
here at noon, and visit the schools
while here, and at night he will ad-
dress the Educational Week audi-
ence at Carthage. The complete
program for the week, is as follows,
as announced by B. D. Farthing,
county school superintendent:

MONDAY

Milroy, speaker, John H. Kipling-
er, attorney of Rushville, evening.
Webb, speaker, Rev. Gibson Wil-
son of Rushville, evening.

Center, H. G. McComb, state de-
partment, evening.
Shively's Corner, speaker, F. C.
Landrus, of Center, afternoon.

TUESDAY

SPEAKING OF GIANTS

MILROY MAN IS NAMED PRESIDENT

Walter H. Richey Again Heads Rush
County Sunday School Association
For Another Year

CONVENTION WELL ATTENDED

Twenty-six Sunday Schools and
Every Township Except One Re-
presented at Glenwood Sessions

Walter H. Richey of Milroy was
re-elected president of the Rush
County Sunday School association,
at their annual meeting Wednesday
at the Methodist church in Glen-
wood, and an interesting program
was rendered for the day. The
meeting was pronounced as one of
the best county meetings on record.
Most of the officers were re-elected
for the ensuing year, and two
new officers were created. The dele-
gates decided to hold the meeting
next year at the Big Flatrock Chris-
tian church.

At the county meeting yesterday,
there were 26 Sunday schools of
the county represented, and 136
delegates registered. Every town-
ship was represented except one.

Besides Mr. Richey, the other of-
ficers who were elected were, Elmer
Hungerford of the Big Flatrock
Christian church, vice president;
Mrs. Rena Warner of Rushville sec-
retary-treasurer; Mrs. Luedith
Simpson, of the Gowdy church, su-
perintendent of the children's divi-
sion; Mrs. Guy Hamilton of Milroy
superintendent of the Young People's
division; Elmer Hutchinson of Ar-
lington, superintendent of the adult
division.

All of the above were re-elected,
and the following two offices were
created, and the appointment made
according to page six.

BUTLER TO SUCCEED LODGE

National Committee Chairman Ap-
pointed by President Coolidge

Boston, Mass., Nov. 13—William
M. Butler, chairman of the Repub-
lican National Committee who was
President Coolidge's campaign man-
ager, was appointed by Governor
Cox today to succeed the late Hen-
ry Cabot Lodge, as senior United
States senator from Massachusetts.
Butler's appointment holds for
two years until the next biennial
election when he will have to stand
for re-election for the remaining
two years of Lodge's unexpired
term, which lasts until 1928.

Epidemic of Hiccoughs Is Said to be Subsiding

An epidemic of hiccoughs
that has been sweeping Rush-
ville for the past few weeks, is
said to be subsiding, and a
number who were seriously af-
flicted are recovering.

Webster's new International
dictionary defines hiccoughs
or (hiccups) as "a spasmodic
inspiratory movement, consist-
ing of a sudden contraction of
the diaphragm, accompanied
with closure of the glottis, the
inrush of air against the closed
glottis producing a peculiar
sound."

"I feel like I was being con-
tracted," said one of the vic-
tims, when the cause was ex-
plained to him.

Frank Havens, former city
patrolman, claims the "distinc-
tion" of being the first person
to have the hiccoughs in the
present epidemic.

J. P. Stech, justice of the
peace, only recently recovered
from a serious seige with the
malady, which resulted in him
being confined to his home for
several days.

Pat Gilligan, 912 North Per-
kins street, is reported to have
suffered worse than anyone
from the affliction, but is now
on the road to recovery.

FORMER RUSH COUNTY MAN DIES AT WESTPOINT

J. W. Land, Who Left Here 15 Years
Ago, Expires Following Several
Weeks Illness

RELATIVES IN THIS COUNTY

J. W. Land aged 71 years, died
Wednesday afternoon at 2:30 o'-
clock at his home in Westpoint,
Ind., following an illness of several
weeks, suffering with a complication
of diseases.

The deceased lived in this country
for a number of years, leaving here
about fifteen years ago to make his

INVESTORS ARE ON STAND FOR STATE

Those Who Lost Heavily in Crash
of Hawkins Mortgage Co., of Port-
land Testify in Trial

GOVERNMENT'S CONTENTION

Attempting to Show Defendant In-
duced Investors to Exchange
Good Stock for Worthless Brand

(By United Press)

Indianapolis, Ind., Nov. 13—In-
vestors who lost heavily in the crash
of the Hawkins Mortgage Company,
of Portland, Ind., and its subsidiary
loan societies were called today to
testify as government witnesses in
the trial of sixteen company officials
on charges of using the mails to de-
fraud.

District Attorney Elliott will at-
tempt to prove through their testi-
mony that thousands of investors
were induced by the defendants to
exchange holdings in the loan so-
cieties for worthless stock in the
Hawkins company.

Farmers, widows and small busi-
ness men, according to the govern-
ment, were the heaviest losers.

Large piles of letters and adver-
tising matter promising a big return
on investments were introduced as
evidence by Elliott.

During examination of a number
of employees of the Hawkins firm
yesterday Elliott attempted to prove
that the sixteen defendants con-
spired with Morton Hawkins in the
worthless stock selling campaign.

Defense attorneys questioned
each witness closely in an effort to
show that responsibility for the al-

STOCK SALE GOES TO \$45,000

Further Subscriptions to Furniture
Factory Preferred Issue

Reports received today indicated
that approximately \$45,000 worth of
the proposed dining room furniture
factory preferred stock issue had
been taken by local investors, and
several canvassers have not report-
ed.

New purchasers of stock an-
nounced today included Abercrombie
Brothers, Miss Anna L. Bohannon,
Mrs. Will Dill, Mrs. Sarah Giffin and
Will Tyle.

The issue is for \$75,000 and an
effort is being made to place all of
it locally so that erection of the
new plant may be started this fall.

COLDER WEATHER IS COMING

Expected to Follow Downpour of
Rain That Fell all Day

Colder weather is predicted for
this locality, according to the weath-
er bureau, and the heavy downpour
of rain was welcomed by all farm-
ers, breaking the extended drought.

The rain started with a heavy
downpour today and continued prac-
tically all day, with the weather
bureau predicting more rain tonight
and for Friday, with colder weather
accompanying the rain tonight.

Until Wednesday the rainfall this
autumn had been scarce, and be-
cause of the dryness of everything
the rain is welcomed by everyone.

JURY ACQUITS REP. J. P. HILL

Holds Manufacture of Wines and
Cider of Ordinary Alcoholic Intent
is Permissible

TEST OF THE VOLSTEAD ACT

Judge Charged Jury Verdict Must
be Considered as Passing on Weth-
er Beverage Was Intoxicating

(By United Press)

Baltimore, Md., Nov. 13—Manu-
facture of wines and cider of ordi-
nary alcoholic content in private
homes is permissible, a jury in United
States District Court here decided
today.

The jury dismissed all the counts
of the indictment against Represen-
tative John Philip Hill of Maryland
which had charged him with unlaw-
ful manufacture of 1164 percent
wine and 27 per cent cider in his
home.

Hill provoked the trial to test po-
wer of the Volstead act over home
brewing.

The jury reported to Judge Morris
Soper after 20 hours deliberation
that it had found Hill, the defendant,
not guilty on each of the six counts
in the indictment found against him.

The counts of the indictment had
charged Hill specifically with manu-
facture and possession of intoxic-
ants and with creating a common
nuisance by having intoxicants in
his home.

The exact wording of the dismis-
sal was:

"We, the jury, find the defendant
not guilty of the matter of which he
stands indicted."

The jury was composed of a groc-
er, coal dealer, two insurance men,
a clerk, a printer, a produce broker,
an engineer and three business ex-
ecutives. Robert E. Stevens, a com-
mission merchant, was foreman of
the jury.

Judge Soper, in charging the jury,
told them that their verdict must be
considered as passing upon the
question of whether the beverage
manufactured by Hill was intoxicat-
ing. He said the issue of intoxica-
tion must be decided on the question
of whether or not "a practical
amount" consumed by any man
would produce drunkenness.

Hill, who has long been opposed
to the prohibition laws, shouted
with elation when the verdict was
returned.

"Well, boys, you can make all the
wine you want now," he said. "I al-
ways did have faith in the common
sense of these Maryland juries."

DENTON HOLDS LEAD OF 103

Democratic Candidate Ahead With
Official Canvass Incomplete

Indianapolis, Ind., Nov. 13—A
mandate to force the secretary of
state to accept a correction in the
official vote of Howard and Sulli-
van counties will be asked by the
Democratic state committee, Mrs.
Gertrude Hugh, secretary, an-
nounced today.

The correction certified to the
board of election canvass favors
George Denton, democratic candi-
date for justice of the Supreme
court for the first district.

In the official count Denton is
leading Benjamin Willoughby, Re-
publican candidate, by 193 votes,
and 33 counties not canvassed.

RUSHVILLE ROAD IN STATE SYSTEM

Highway Between Here and Con-
nersville Was Taken Over by
Highway Commission

EFFORTS OF LOCAL MEN

Public Affairs Committees Have
Been Working on Project—State
Roads in Each Direction

The road leading from Rushville
to Connersville, through Glenwood,
has been made a part of the state
highway system, according to an an-
nouncement today from John D.
Williams, director of the commis-
sion, in which it was stated that al-
most 1,000 miles of roads had been
added to the state system, bringing
the mileage up to 5,039.5 miles.

The inclusion of the Rushville-
Connersville road in the state sys-
tem is the successful termination of
a campaign by the public affairs
committee of the Rushville Rotary
and Kiwanis clubs, which has been
carried on for the past two years.

The committees have interviewed
members of the state commission on
a number of occasions and have
been promised that when any more
roads were added to the state sys-
tem, it would be included.

Since Rushville now has trunk
lines leading in all directions, as
parts of the state highway system,
the next effort here will be directed
towards inducing the state highway
body to pave road No. 39 between
here and Indianapolis.

This road has held up under traf-
fic well until this year, but people
who have been using it say lately
that it has been unusually rough
and that no amount of maintenance
work will prevent it from becoming
rough, due to the increase in its use.

The route from Indianapolis to
Cincinnati is one of the most widely
traveled, of any of the state high-
ways, and the opinion is growing
here that the state highway commis-
sion will soon have to include
the road from Indianapolis to Rushville
in its paving program.

Taking over of the road from
Rushville to Connersville will pro-
vide a new route from Indianapolis
to Cincinnati and will give motorists
an opportunity to avoid the hills
and winding road between here and
Brookville.

The road from here to Brookville
is good, but it is narrow in many
places and there are dangerous
places. (Continued on Page Six)

MRS. JOHN LAWSON EXPIRES AT HOMER

Passes Away This Morning After
Illness of Several Weeks With an
Internal Cancer

FUNERAL SATURDAY AT 1 P. M.

Mrs. Lucinda Lawson, wife of
John Lawson, died this morning a-
bout four o'clock at the residence in
Homer, death resulting from an ill-
ness extending for several weeks of
internal cancer.

The deceased had lived in Homer
for three years, and prior to that
had been a resident of other portions
of the county, and had also lived in
Fayette county. She was 70 years
of age last August. Her illness had
been regarded as serious for the
past seven weeks.

Besides the husband, she is sur-
vived by five children, Roxie Lawson
who lives at home, Charley and
Ralph Lawson of Shelbyville, Ordie
Lawson of Rushville and Mrs. Ro-
sie Ennis of Homer. She also is sur-
vived by a brother, Leat Hite of
Clarksburg. Two grand daughters
and three grandsons, also are sur-
vivors.

Funeral services will be held Sat-
urday afternoon at one o'clock at
the late residence in Homer, and
burial will be made in the cemetery
at Richland.

E. B. LEE'S FUNERAL

The funeral services for Edwin
B. Lee, who expired Wednesday
morning at the home of his daugh-
ter, Mrs. Dolph Faurete in Newcas-
tle, will be held here Friday after-
noon at 2 o'clock, at the late resi-
dence, 435 North Sexton. Burial will
be in East Hill.

Heavy Buying Sends Wheat and Corn Prices to New High Levels

Chicago, Ill., Nov. 13—Heavy buying in the wheat and corn pits on the Chicago Board of trade today sent prices soaring to new high levels for 1924 induced by a Canadian crop report which indicated a lower yield than anticipated.

May wheat sold at \$1.63 a bushel just before the close today. May corn at \$1.20 and July at \$1.21 also touched new high levels on the crop. Profit taking sales at the close reduced the figures from the high level and all grains were selling at higher figures than yesterday.

AFRAID SHE COULD NOT LIVE

Operation Advised, But Lydia E. Pinkham's Vegetable Compound Made It Unnecessary

Glasgow, Kentucky. — "I was run-down, nervous, with no appetite. My side had given me trouble for five or six years. At times it was all I could do to live, and the doctor said I couldn't live but a short time longer without an operation. That was two years ago. My sister-in-law recommended Lydia E. Pinkham's Vegetable Compound. She had never used it herself, but she said one of her neighbors suffered just like I did, and it cured her. After I had taken four bottles the pain left my side. I had a fine appetite to eat anything that was put before me, and I began to do all my work and my washing, something I hadn't done for years. I am a dressmaker, and this last fall I began suffering with my side again, so I began taking the Vegetable Compound again. I am on my fourth bottle, which makes eight in all I have taken. I feel so much better when I take it, and everybody tells me I look better. My appetite improves and I feel stronger in every way. I am a very nervous woman and it seems to help my nerves so much." — Mrs. MAGGIE WALLER, Glasgow, Ky.

FOUR BRAZIL MEN ARE KILLED AT CROSSING

Speeding Interurban Car Strikes Automobile Carrying Hunters Starting on Trip

AUTO STALLED, IS BELIEF

Brazil, Ind., Nov. 13—A speeding interurban car struck an auto near here last night, killing four men instantly.

The dead: George Farrell, 60, Carl Farrell, 28, John Penman, 32, William Yocum, 21. All lived near Brazil.

The men were starting on a moon hunt and were driving down a private road when their auto was struck. It is believed the auto stalled on the crossing.

The interurban was behind schedule and was running at a speed of nearly 60 miles an hour to make up lost time. It hurled the auto one hundred feet. Bodies of three of the victims were thrown clear of the tracks.

Yocum's body was caught beneath the wheels of the interurban and so badly mangled identification was difficult.

Five dogs the men were taking on the hunt were killed.

Traffic on the Terre Haute division of the traction line was held up most of the night while a wrecking crew cleared the tracks.

TO PROBE P. O. EXPLOSION

Inspectors Enroute to Grand Rapids Mich.—Two Employees Killed

Grand Rapids, Mich., Nov. 13—Postal inspectors are enroute here today to investigate the explosion at the local postoffice late yesterday in which two persons were killed, nine seriously injured and a score or more bruised.

The exploding was on the loading docks of the building and local authorities are of the belief that a dynamite bomb of some sort was used.

Letters and parcels were strewn about and several mail trucks totally destroyed by the force of the blast. One truck was lodged on top of a three story concrete building.

All those injured or killed were postal employees.

INVESTORS ARE ON STAND FOR STATE

Continued from Page One

leged fraud rested entirely with Hawkins and that the defendants approved the transfer of investments in good faith.

A representative of Hawkins attempted to deal with postoffice inspectors in Washington for Hawkins to give himself up if he would be released on small bond.

The first of the Hawkins investors took the stand late yesterday. Their story was practically the same. They told of exchanging their loan society holdings for Hawkins stock on the promise of large returns and waiting in vain for the dividend checks.

Mrs. Adela Brown, of Orleans, Ind., testified that when she wrote the Hawkins company and complained she had received no dividend check she was informed it had been delayed because of the "holiday rush".

The government will introduce nearly 150 witnesses before it concludes its case. Judge Geiger is making efforts to speed up the trial and bring it to a conclusion within two weeks.

WHEAT POOL COIN GOES TO MEMBERS

Nearly \$150,000 Sent to Farmers of State Who Were Members of the Indiana Pool

IS A 15 CENT PAYMENT

Previous Payment Made so That The Total Selling Price to Date is 85 Cents

Indianapolis, Ind., Nov. 13—Nearly \$150,000 has been sent to farmers in the last ten days by the Indiana Wheat Growers' Association for wheat delivered by them as members of the Indiana wheat pool, it was announced at the association headquarters here today.

This sum represents a 15 cents payment a bushel on the wheat delivered to the pool and the second distribution made by the pool to the account of its members.

In addition, it was announced, checks will soon go forward, in payment for farm storage of wheat. Farmers who will receive these checks are those who stored their wheat on the farms until it was called for by the association. Payment for farm storage, at the rate of one cent a bushel a month is made after the farm-stored wheat has been called for and delivered.

Nearly 4,000 growers received the second payment for their pooled wheat, including all those who had delivered wheat to the association up to October 8. Since that date more than 500 additional growers have delivered wheat, and nearly 3,000 more growers are holding

wheat subject to call of the association for delivery.

The second payment brings the total paid a bushel to 85 cents for No. 1 wheat, an amount approximately equal to what the average grower received in total for his wheat last year.

Further payments will be made as additional wheat is sold by the pool.

The announcement states that the association has been able to market its wheat in an orderly manner, taking advantage of high markets and withholding wheat from the market at times when the demand was reduced and the supply apparently large.

Wheat association officials said they were optimistic over the outlook

Romantic Elopers Continue Their Visit to Indiana's 'Gretna Green'

Jeffersonville Now Bobs up as a Rival to Crown Point, as 3,309 Marriage Licenses Were Issued Last Year in Ohio River City. While Lake Front City Tied up 5,784 Knots. Indianapolis Marriages Reached 4,521

Jeffersonville, Ind., Nov. 13—Jeffersonville has begun to share the honors with Crown Point as Indiana's "Gretna Green."

Romance is still alive, according to figures from the United States census bureau received here. Despite the force of feminism and the predominance of hip liquor and petting parties many young couples still feel romantic enough to elope.

For, according to the figures from Washington justices of the peace tied 3,309 marriage knots in Clark county in 1923. This would not indicate very much until a comparison is made with the marriage in Marion county which totaled only 4,841. Furthermore Clark county showed a greater increase with 2,835 marriages in 1922, when Marion county had 4,521.

Lake county, where Crown Point the famous Gretna Green is located was still in the lead in the matri-

monial race, however, with 5,784 knots tied in 1923, and 5,253 in 1922.

Because of the fact that it is far easier to be married than obtain a divorce in Clark county only fifty-six divorces were granted in 1923, and forty-four in 1922.

Lake county had a low percentage of divorces with 387 in 1923, and 356 in 1922. Marion county had 1,400 in 1923 and 991 in 1922.

St. Joseph county was next in line after Clark county, with 1,661 marriages and 422 divorces in 1923. Vigo county had 1,562 marriages and 426 divorces and Vanderburgh county, 1,406 marriages and 561 divorces.

In the entire state, a greater increase was shown in marriages than in divorces. There were 40,971 marriages in 1923, and 37,692 in 1922; 7,404 divorces in 1923 and 7,110 in 1922.

COUNTY PRINCIPALS GOING TO CONFERENCE

Number Expect to Attend Meeting at Bloomington Friday and Saturday Under Auspices of I. U.

EDUCATORS ON PROGRAMS

Eugene B. Butler, principal of the Rushville high school, and practically all of the high school principals of the county, are planning to attend the High School Principals' conference at Bloomington Friday and Saturday of this week.

It will be held under the auspices of the school of education of Indiana university and some of the prominent educators of the state will address the principals. The first session will be held Friday afternoon at two o'clock and the conference will close with Saturday morning's session at 9:30, so that visiting principals will be free to attend the Wabash-Indiana football game.

Dr. Franklin Bobbitt of the University of Chicago will address each of the three sessions on educational topics. Benjamin J. Burris, state superintendent of public instruction, will discuss costs of high school instruction Friday afternoon and E. E. Ramsey, state school inspector, will talk on the relation of state courses of study to local courses Friday afternoon.

Prof. J. E. Adams of Franklin college is also on the Friday afternoon program, together with Mr. Ramsey and Dr. Bobbitt. There will be a dinner session at the Graham hotel Friday evening at 6 o'clock.

Deliverance at Hand:—I will be with him in trouble; I will deliver him. Psalm 91:15.

Prayer:—O Blessed Redeemer and Lord, we would come unto Thee, for in Thee we are safe from every fiery dart of the Wicked One.

By The People

A small minority that has no faith in our form of government has succeeded in putting in the mouths of people who do not hold to their views, the word "democracy."

"Saving the world for democracy" rolled off the tongues of war-time orators with great ease. The thought had been implanted in their minds by others and they never stopped to study the meaning of the phrase.

The wide application of the primary law, which has been foisted off on an unsuspecting people by political reformers, may have led some to think that we were coming close to a democratic form of government.

This is still a representative republic, however, so those who founded it intended it should be, and unless we stick close to shore and dodge the breakers of a pure democracy, our future as a nation is endangered.

Those who wish to characterize the American government correctly should discard the misnomer "democracy." A railroad run directly by the stockholders, with every share owner attempting to give orders to the trainmen, would be a democracy, but few people would want to risk their lives on such a railroad. The stockholders elect directors to represent them in running the business.

The United States is a large corporation. Every voter is a share holder. We go to the polls at stated periods to elect our representatives to attend to the affairs of govern-

ment. If they don't act in accordance with our views, we can recall them.

We don't need any initiative or referendum to decide whether the laws they enact are proper. We select them to pass laws and enforce them. If they don't perform as we think they should, there is always another election coming.

Radio Liars

Progress has its handicaps. There's the radio liar, for example.

He is a creature of environment, a victim of circumstances, but he exists, and he has become such an offender of common decency, that a procedure had to be developed to squelch him.

The radio liar has had all of the natural advantages that the fisherman liar possesses, with the additional one that he never had to prove what he said.

He could boast to his friends next day that he got station VWXYZ two or three thousand miles away and they couldn't call him a liar. Neither could they dare him to prove it.

But from now on he will have to prove it. Radio stations are issuing engraved stamps bearing their call numbers.

If the radio liar says he had a given station on the air, tell him to write the station for a stamp, enclosing ten cents, and if he convinces the station that he heard something on their program, one will be mailed to him.

Exit, the radio liar. From now on, make him eat his words, if he can't produce the evidence.

No Graver Duty

In appropriating funds for the support of the schools of Washington, congress directed that no salaries should be paid to teachers who teach their pupils that ours is an inferior government. It is remarkable that such a warning has to be issued anywhere, particularly at our national capital, but it touches upon a matter that concerns many of our schools throughout the country.

When 4,000,000 of our voters give their support to the radical ticket it is not surprising if some of the poison should find its way into the schools. There is no graver duty attaching to legislators and to school officials than to stamp it out. In legislating for the District of Columbia congress has set an example in this matter that may well be followed by the states.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — The Democratic party may be down, but evidently is isn't out.

For at least one wing of the party even now is planning for the 1928 campaign and already has picked and is grooming a candidate for that contest.

Eastern Democrats of the liberal sort, who backed Al Smith for the Democratic nomination this year, feel that his failure to land the plum and thereby put New York's electoral vote in the Democratic column—and perhaps some others—was due to the fact that up to that time he had been a state, not a national figure.

With him in mind as their hero for 1928, they purpose to remedy that condition, and having done that are hopeful of "better luck next time."

BRIEFLY, the program is to enter Al in the 1926 senatorial race in New York, against Jimmy Wadsworth.

It was Wadsworth who put young Teddy Roosevelt across as the Republican nominee for governor this year.

By defeating Teddy Jr., even in the face of the heavy Coolidge majority on the national ticket, it is considered Smith also demonstrated his ability to lick Wadsworth.

In a purely state fight, such as that of 1926 would be, it is held the job would be even easier than this year.

As a senator, Smith then would be expected to catch the national eye in a more effective way than is possible in a mere state office.

Two years of experience in the broader field of national affairs might enable him to overcome some of the local prejudices which played so great a part in blocking his nomination last July.

If he measured nationally up to his home state reputation, the problem of putting him across as

the Democratic standard bearer in 1928 would be greatly simplified.

SUCH is the program—as sketched out while the smoke of the late battle still hangs heavy over the political trenches and the field has not yet been cleared of casualties.

But 1928 is four long years away.

And there's many a slip—particularly in politics.

No La Follette propaganda is intended, nor any contempt of court, when we remark that the Supreme Court is a sight!

No one place of historical interest in all Washington quite equals in interest to visiting tourists the Supreme Court room.

And when the dignified justices, in their swishing black robes, are seated behind the bar, an atmosphere of awe and majesty like nothing else to be found anywhere in our government broods over the big room, adding to its impressiveness.

When the court is sitting there is a constant stream of visitors. They stand in a long queue outside the door, awaiting a chance to enter. Only as seats are vacated in the visitors' section are others allowed to enter. Then an attendant, pulling a heavy red silk rope, opens the door and inside an usher whispers the admonition: "Quiet, please."

THE court sits in what was originally, the Senate chamber of the old capitol.

It is a semi-circular chamber, with a low ceiling, designed after the model of a Greek theater. Back and above the seats occupied by the solemn justices is a low gallery.

The white capitals on the Ionic columns behind the judges' seats are copied from the Temple of Minerva. Heavy red draperies and carpets deaden all sounds.

The most beautiful court room in the world, it has been called. Certainly it is one of the impressive sights of Washington.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

Facts About Child-birth

IT has been proven conclusively that much of the suffering, pain and dread experienced during expectancy, as well as at child-birth is entirely unnecessary. An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend,'" writes a user. "I owe my life to 'Mother's Friend,'" declared another. Use "Mother's Friend" as our mothers and grandmothers did, start today and experience the wonderful comfort it will give you.

the team before the Minnesota game
Saturday.

Ann Arbor—Behind closed gates
the Wolverines were subjected to a
hard attack by the freshmen who
used Ohio plays.

Minneapolis—A patched up Min-
nesota team may face Illinois here
Saturday. It is doubted whether
Schutte, hard playing back will be
in the lineup.

INTERESTING GAMES BOOKED FOR FRIDAY

In Addition to Rush County Con-
tests, There Will be Important
Battles in This Section

GREENSBURG AT COLUMBUS

Many interesting basketball games
are booked on the schedules of
teams in Rush county and adjoining
counties for Friday night, and
deep plunges are being made by
some of the teams with games
scheduled that usually appear in
mid-season.

Rushville goes to Liberty for a
game. Other games for Rush county
teams, will see Carthage on the
floor at Spiceland. Gings will jour-
ney down to New Salem for a game.
Moscow goes to Raleigh. Waldron
will come over from the county line
to meet Milroy in the gym at Milroy.
Then outside of the county, Coan-
ersville will take a big bunch of
fans to Shelbyville, where the two
teams will meet, and the outcome
will give teams in this vicinity an
idea of the strength of each.

Greensburg will play at Columbus
which will give Rushville a check on
the Columbus team. Greencastle
plays at Frankfort, Martinsville at
Bedford, Seymour at Franklin and
Vincennes at Washington.

On Saturday night the team from
Atlanta will play at Orange.

PURDUE SCOUTS PRAISE CRIMSON

Declare I. U. Has Best Team in Ten
Years, In Preparing Boilermak-
ers For Nov. 22 Game

CLAYPOOL MAY GET IN FRAY

Lafayette, Ind., Nov. 13—"The
best Indiana team in ten years" was
the cryptic report of the Purdue
scouts who witnessed the Indiana-
Ohio game at Columbus last Satur-
day, and when it is considered that
it is just nine years ago since Pur-
due slipped over a win on the crimson,
the job that the Purdue coach-
ing staff faces in preparing for the
annual Indiana-Boilermaker clash
in the new Ross-Ade stadium Nov.
22 may be easily imagined. Work be-
gan in deep earnest Monday after-
noon in preparation for the conflict.

Purdue's chances in the contest,
no matter what the strength of the
Crimson, will depend to no small ex-
tent on how much recovered Captain
Ralph Claypool is from an injury
suffered in the Chicago game, when
he broke his ankle. The Purdue lead-
er, regarded as perhaps the leading
center of the Western conference
has not been out in uniform since the
Maroon game, but is hopeful of be-
ing able to get out on the field the
first of next week. The Boilermakers'
mightily by Claypool's presence at
the pivot position.

Purdue's last game of the season
before the Crimson scrap, was
played last Saturday with DePauw,
while the Hoosiers have one more
contest, with Wabash next Saturday.
Indiana's victory over Ohio has ad-
ded greatly to the interest being
shown in the game in the Ross-Ade
stadium Nov. 22, and Coach Doan's
office is working overtime filling or-
ders for seats for the contest.

Madison—Dummy scrimmage re-
placed regular scrimmage on the
Badger program to avoid injuries
before entering the Iowa game. Ru-
mors of proposed changes in the
coaching staff over-shadowed actual
preparations.

Columbus—Hard scrimmage was
taboo with Ohio State, Coach Wilce
taking no chances on his battered
team suffering more injuries.

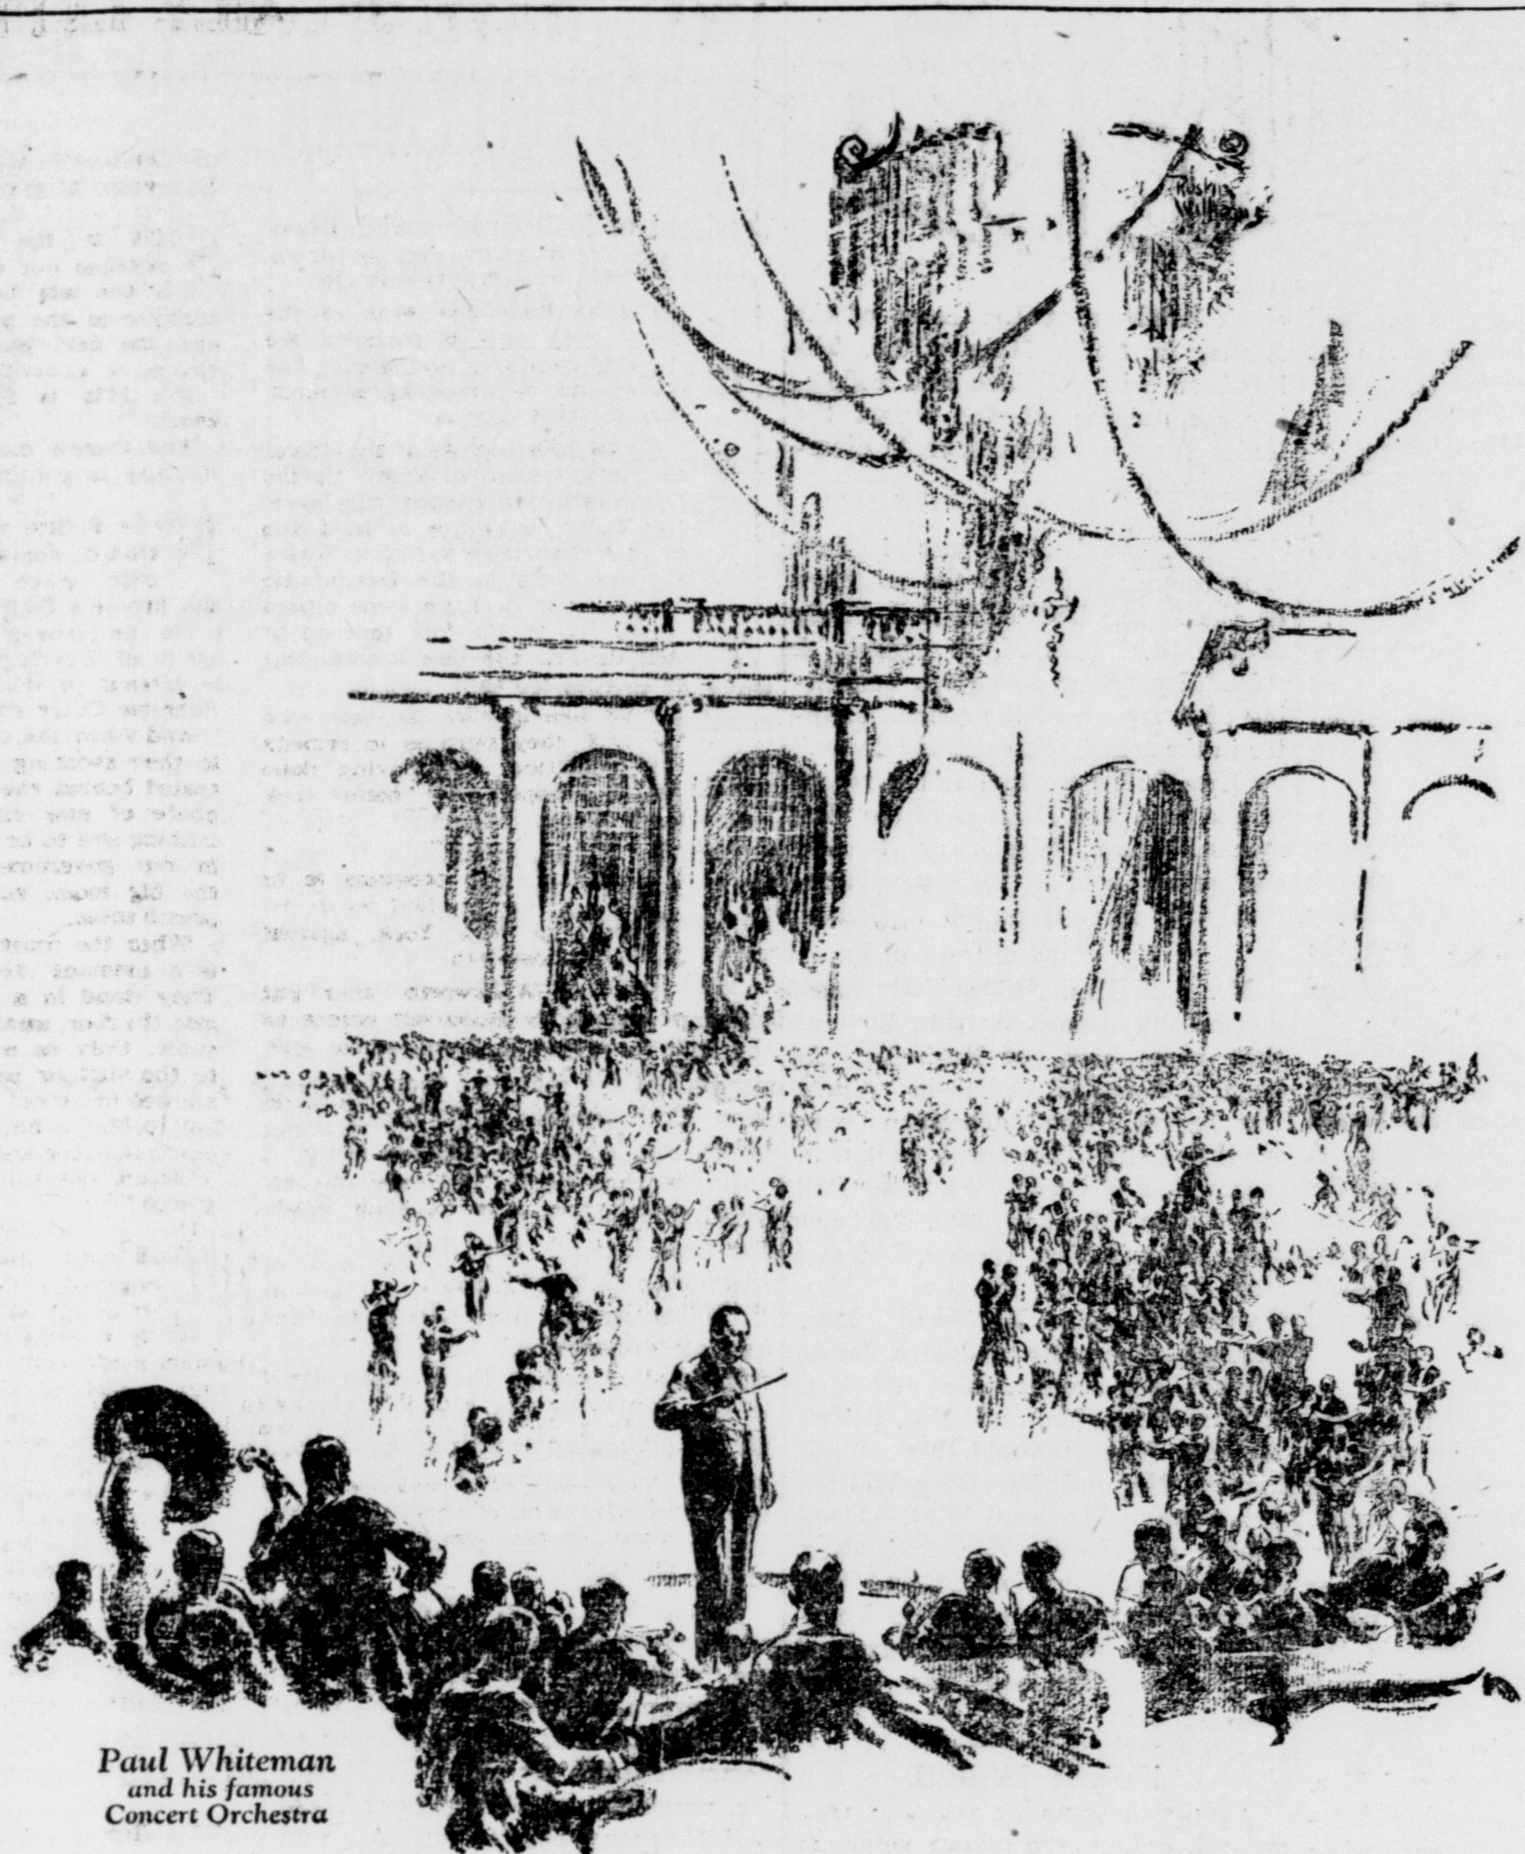

IowaCity—Hawkeyes tactics a-
gainst Wisconsin will be offensive
with Coach Ingwersen anxious to
push the fight at all times.

South Bend—A complete sell out
of 26,000 tickets was reported to-
day for tardy applicants for tickets
to the Nebraska-Notre Dame game
Saturday. Coach Rockne clamped
the lid of secrecy on practice.

CALL TO STATE BANKS

Indianapolis, Ind., Nov. 13—The
state banking department today is-
sued a call for the condition of state
banks and trust companies at the
close of business on Nov. 10.

There will be a fried chicken sup-
per served in the Wesley M. E. Hall
Friday evening. The serving will be
begin at five o'clock and there will al-
so be a program given in connection
with the supper at eight o'clock in
the church. The admission will be
ten cents.

Such popularity must be deserved

TO convert critics into enthu-
siasts, whether for a new school
of music or for a cigarette, re-
quires something more than luck.
There's sound reason for every
big swing in popular taste.
So, to account for Chesterfield's

swift rise, look to the cigarette
itself, its tobaccos, its blending—
in short, its taste. This one thing
alone—its decidedly better taste
—explains why thousands of
smokers are changing from other
cigarettes to Chesterfield.

Waiting For Landis to Tell All

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 13—John Heyd-
ler's statement that "Commissioner
Landis cleaned up the Giant baseball
scandal decently in forty-eight
hours" seems to indicate that the
president of the National League
feels that the incident is closed.
Perhaps it is, as far as he is con-
cerned, because he seems to have
turned over all his evidence to the
commissioner and it really isn't his
business to proceed any more than
to turn over any more developments
he may find to the commissioner.

Landis is the head of organized
baseball. His position was created
and he was retained for the job for
the very purpose of acting in emer-
gencies to keep the game clean and
to maintain national faith and re-
spect in the game.

Since the world's series closed
and interest in baseball was tem-
pered by the excitement resulting
from a most thrilling football sea-
son, very little has been heard from
official sources about the investi-
gation that was to have been contin-
ued "until all the parties concerned
are dead."

year to get the goods on the White
Sox players, who were in the big
1919 scandal.

Baseball in general retired for the
season with a satisfied feeling that
followed the victory of the Wash-
ington Senators over the New York
Giants in the world's series. If
Washington hadn't been such a pop-
ular winner, the fans might be
sitting around now asking questions
about the scandal instead of re-
counting the great battle made by
Washington.

As long as there has been no na-
tional demand or no organized ef-
forts to have the spade dug more
publicly into the case, the commis-
sioner may get the idea that the
fans aren't particularly concerned
now and that their curiosity might
be satisfied with a few shouted
words and some wild gestures that
everything is all over and that there
is nothing more to be done.

If there is any such feeling
among the high officials of the game
it would do them good to get around
the country, incognito and listen to
some of the comment being made
about the scandal. If Landis had
been a little more liberal in giving
details when the case was at its
hottest point, he would have re-
duced the territory for the gossipers
and would have voided the oppor-
tunity for so many conjectures,
guesses and "putting two and two
together."

On a recent trip through the mid-
dlewest, it was discovered that there

is far more curiosity about the
scandal that easterners might be-
lieve. There is also a general opin-
ion that the whole story has not
been told and because of a lack of
details the question has risen—
"What really is behind all this?"

Cambridge—Harvard's varsity
was strengthened today with the re-
turn of Coady and Mahr to the line-
up, who showed up well in scrimmage
against the scrubs who used Brown
plays against the regulars with little
success.

New Haven—The Yale eleven will
face the conquerors of Harvard next
Saturday without any scrimmage
practice since last week's game.
Coach Tad Jones announced. Secret
signal drill, punting and dummy
scrimmage will constitute the pro-
gram for the Eli.

Princeton—Coach Bill Roper sent
the Tiger team through a long de-
fensive drill yesterday on Yale plays
followed by practice of getting down
under punts. Roper said the team
will take it easy the rest of the
week.

Fred McGinnis' Orchestra will play for a dance to be given at Price's Hall in Glenwood tonight.

There will be choir practice tonight at eight o'clock at the Main Street Christian church and all the members of the choir are urged to attend this week.

The Woman's Council will have a called meeting Friday afternoon at four o'clock in the assembly room of the court house. All members are urged to be present.

Dr. Gilbert's Sunday school class of the Main Street Christian church held an all day meeting Wednesday at the church. The ladies spent the hours in sewing and at the noon hour a pitch-in luncheon was served.

About thirty-five couples attended the dinner dance given at the Social Club rooms Wednesday evening. A delicious dinner was served by the division captained by Mrs. Walter Hubbard and Mrs. Clayton Marts. An Indianapolis orchestra furnished the music for the dance after the dinner.

Miss Marian Lucas entertained a number of her friends with a pitch-in supper Wednesday evening at her home in North Perkins street. Covers were laid for twelve guests. Following the serving of the dinner the guests enjoyed a theatre party at the Princess and afterwards the evening was spent in music and dancing.

Mrs. George W. Looney and Mrs. Will McMillin were charming hostesses Wednesday afternoon when they entertained the members of the Happy-Go-Lucky club with a one o'clock luncheon at the home of the former in North Main street. The luncheon was delicious and following the serving of the repast the ladies spent a most enjoyable afternoon socially.

Mrs. Donald Ball was hostess Wednesday evening to the members of the Young Ladies Mission Circle of the St. Paul's M. E. church. A splendid program was given consisting of a review of the second chapter in the text book entitled "China," by Mrs. Cullen Sexton, and a report of the Standard Bearers of the Woman's Foreign Missionary Society convention held in Indianapolis recently, by Mrs. Herschel VanMatre.

Mr. and Mrs. Alden Ball were delightfully surprised Sunday at their home east of Rushville. At noon a bountiful pitch-in dinner was served. The afternoon was spent socially. Those who were present were: Mr. and Mrs. Fred Ball and family, Mr. and Mrs. Thomas Ball, Mr. and Mrs. Wesley, Mr. and Mrs. John Trapp, Mr. and Mrs. James Lindsay, Mr. and Mrs. James Dickson and family, Mr. and Mrs. William Ochs, Mr. and Mrs. Oliver, Mr. and Mrs. Newbold, Mrs. Willie Pickett, Mr. and Mrs. Bay Whitton and family, Mr. and Mrs. Lloyd Kinder and family, Mr. and Mrs. Sherwood and family, Mr. and Mrs. Albert Morgan, Mr. and Mrs. Vernon Mosburg, Mr. and Mrs. Raymond Dickson, and Mr. and Mrs. Alden Ball.

TIDAL WAVE OF PROSPERITY NEAR

President of Mail Order and Implement Houses Say it Depends Upon the Farmer

IS LIQUIDATING HIS LOANS

Businesses First to Reflect Agricultural Prosperity, Expecting it in Near Future

(By United Press)

Chicago, Nov. 13—A real tidal wave of prosperity will sweep the country just as soon as the farmer enters the general buying field, from which he is kept at this time because bank obligations must be given priority rights, presidents of mail order houses and an agricultural implement house declared in interviews with the United Press today.

Mail order and agricultural machinery houses usually are among the first to reflect agricultural prosperity, but the response thus far has been slow because bank loans are being liquidated, the officials stated. Buying has begun but only on a small scale, Herbert F. Perkins, acting president of the International Harvester Company said.

"Naturally the first effects of returning prosperity," he said, "are felt locally, rather than generally, in the ability of the farmer to pay off his obligations and purchase immediately necessary supplies. As soon as he has collected the money, I believe he will lose no time in supplying his needs."

Driven to caution by experiences of three depressing years, the farmers "waited until they knew they had good crops and would get good prices before making large purchases or commitments," Theodore F. Merceles, president of Montgomery Ward and Company pointed out. A real wave of prosperity soon will be here as a result of better farm conditions, he said.

Merceles expressed the opinion that favorable aspects of agricultural recovery were being over-emphasized just as the bearish analysts exaggerated the farmers' woes during the deflation period. "The strong points of the present farm situation, however far out-number the weak ones," he said.

"There are still some real economic agricultural problems awaiting a permanent solution but many things, notably the prices, have worked together lately so that the farmers as a whole are far more optimistic and hopeful concerning their place in the realm of business," Merceles said.

Charles M. Kittle, new president of Sears Roebuck said that "in the long look ahead it is plain that America's greatest single industry is planning to equip itself," which he said would necessitate an unusual volume of buying with a resulting boom to general business and industry.

Kittle pointed to the purchasing power of the farmer's dollar in terms of non-agricultural commodities as an unfailing forecast of a buying wave, which he said "is prosperity." The agriculture wholesale prices today are nearer the bartering power of non-agricultural wholesale prices than in a decade, he said.

"Business will benefit tremendously by the farmers' prosperity," he said.

Grain dealers declared that the farmers will end the year with exceptional profits. Practically all crops have made money, they declared, while grains have given particularly good profits.

Market Holds Strong

New York, Nov. 13—Wall street entered another hectic day today with brokerage houses still swamped with an avalanche of orders on the eighth day of the great post election business boom.

Traders were astounded at the strength of the market which showed a net gain of approximately 4 1/2 points on the average since the conservative electoral victory, despite heavy profit taking all along the line.

There were some breaks in prices yesterday but the market on the whole showed a gain with some special issues soaring to great heights.

From a speculative standpoint the street was baffled as to what the market will do next and today's developments were awaited with some anxiety although many conservative traders believed the rush of buying from all over the nation would be more than enough to absorb the widespread profit taking.

The fact that taking of profits by many persons in the market had been readily absorbed for the past two days and was taken as a good

sign and there was a general impression the market should simmer along a few days until paper profit have been collected and actual conditions in business catch up with the wave which has hit the stock exchange and the curb market.

With the average price of stocks higher than on any day since 1916 trading yesterday again exceeded 2,000,000 shares. The aggregate turnover was 2,303,435, exceeded only by the trading last Friday.

An avalanche of orders at the opening established new highs for the year in 59 industrial and railroad issues, many of which were at the highest in eight years.

curves that make driving dangerous if the utmost precaution is not observed.

The highway commission announcement gives the Rushville-Connersville road mileage as fourteen and a half miles, but in reality it should be sixteen and a half miles. Many have caught it near that figure on their speedometers.

State Goes The Limit

Indianapolis, Nov. 13—With the addition of 911 miles to the state highway system announced by the highway commission yesterday, the Indiana state highway system has reached its limit in projects which the federal government will help to finance.

The government allows aid on 7 per cent of the total mileage of the state about 5,075 miles. The system, with the new additions, totals 5,939 miles.

The government has approved the addition and will furnish half the funds of construction in surfacing and bridges up to \$16,000 a mile.

A thirty-seven mile road from Indianapolis to Crawfordsville is one of the most important additions.

PASTORS' CONFERENCE IN SESSION AT CHURCH

Ministers Of Connersville District Gather Here At Call Of District Superintendent

REVIVALS DISCUSSION TOPIC

A pastor's practical conference on revival matters was being held at the St. Paul's Methodist Episcopal church today under the direction of the superintendent of the Connersville district, the Rev. John Thomas Scull, of this city.

Noon lunch was served in the basement of the church and a dinner session in the church basement was scheduled for six o'clock. Each pastor in the district was invited to bring a committee of laymen from his church for the dinner session, at which time when Dr. W. B. Farmer will discuss the subject, "Being Square With Our Preachers."

The first session opened at ten o'clock this morning and there was another session at 1:30 this afternoon.

Most of the churches of the district were represented by their pastors and laymen were expected to be present for the banquet tonight.

The best time for revivals, who should conduct them and how they should be organized were the themes for discussion.

Goiter Causes Fatal Poisoning

Public Warned Against Neglect by Prominent Physician

Goiter sufferers are warned against the insidious bodily poisoning originating in the thyroid gland which of late has been claiming the attention of medical circles, due to its often fatal results. There are several kinds of goiter, says this authority, among them being the quickly growing goiter and the sometimes smaller and inconspicuous goiter which causes great nervousness, tremor and irregular heart action. It is the latter which causes the dangerous poison throughout the entire system, though thousands have been successful in ridding themselves of goiter, before this serious stage was reached. Among these thousands, the users of the famous De Zilvo Treatment for goiters are loudest in their praise, claiming that it has produced astonishing results for them without the aid of the knife. The Kolar Laboratories, 566 Kolar Bldg., Ft. Wayne, Indiana, compounders of the De Zilvo Treatment, have anticipated that this warning will cause many thousands of unfortunate sufferers to start immediate treatment of their goiter, and are offering a free trial of their De Zilvo home treatment to anyone who will send them their name and address. If you would like to see your goiter grow smaller daily, write them today. —Advertisement

The principal speakers were Nellie C. Young of Indianapolis, who is state superintendent of the children's division, and Martha E. Bennett, also of Indianapolis, who is director of religious education at the Friends church in that city.

URGES OBSERVANCE OF GOLDEN RULE SUNDAY

Gov. Emmett F. Branch Would Like to See Golden Rule Enshrined in Every Human Heart

WILL BE SUNDAY DECEMBER 7

Governor Emmett F. Branch would like to see the Golden Rule enshrined in every human heart. Through the effort of mayors of all Indiana cities he believes Golden Rule Sunday, December 7, may be made a great day.

In a letter addressed to mayors which in reality is a message to all the people of the state, Governor Branch makes this appeal:

"In order to encourage the widest possible observance of Golden Rule Sunday, December 7, 1924, I appeal to you for assistance in securing the cooperation of your entire community. There are various ways in which this may be done."

"First—by asking the people to keep the day in every household."

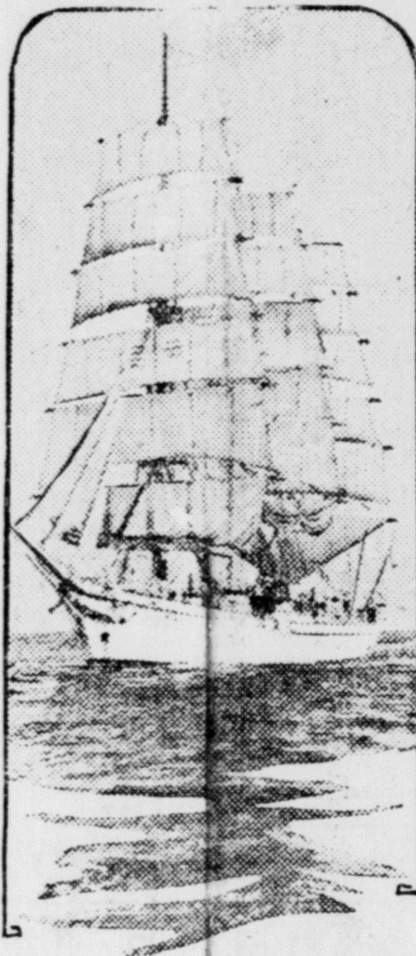

"Second—by observing the day in your own family."

"Third—by cooperating in every public celebration of the day."

"Fourth—by urging that the sacrificial gifts which are to be the outcome of the day, be sent at once to the state headquarters of 'Near East, 526 People's Bank Building, Indianapolis.'"

"I am depending upon you to help carry the Golden Rule message throughout our fair state," the governor emphasizes.

SIGMA DELTA CHI TO CONVENE AT INDIANA

Professional Journalistic Fraternity to Hold Tenth Annual Convention Nov. 17-19

FULL PROGRAM OUTLINED

Bloomington, Ind., Nov. 13—The Indiana university chapter will be the host to the tenth annual national convention of the Sigma Delta Chi professional journalistic fraternity Nov. 17-19, it was announced today.

A hearty welcome for the college scribes has been planned by the committee, of which Kieth Masters, a senior at Indiana, is chairman. Willis J. Abbott, editor of the Christian Science Monitor, has tentatively promised to address the convention. A full program has been outlined by the delegation.

T. Hawley Tapping, of the University of Michigan, national president, will have charge of the business sessions. James Wright Brown, owner of the Editor and Publisher, is national honorary president. Kenneth C. Hogate, of the Wall Street Journal, formerly of Danville Ind., is past national president.

J. W. Piercy head of the department of journalism, Indiana university, and Dr. William J. Bryan, president of Indiana university will welcome delegates on the opening day.

The Theta Sigma Phi, women's journalistic fraternity, will give a dance in honor of the delegates the second night, while the third day delegates will go to Indianapolis for a final business session and a tour of Indianapolis Newspaper plants.

FIRST SHORT COURSE TO BE AT BATESVILLE

Purdue University Announces Schedule for Farmers Short Courses to be Held in State

FIRST ONE BEGINS DEC. 9

Lafayette, Ind., Nov. 13—The first of the short courses for farmers held in Indiana annually will be given this winter at Batesville Dec. 9, 10, and 11, it was announced today at Purdue university.

Thirty-one requests for short courses have been received and a number have been booked for dates to be set later, according to G. M. Frier under whose personal charge the courses are conducted.

Only fifteen or eighteen courses can be handled during the winter months. Other cities which have booked the two or three day farm schools are: Huntington, Sullivan, South Bend, Rising Sun, Washington, Veedsburg, Salem, North Judson, Alexandria, and Portland.

Business men and farmers are cooperating in urging these events, and prospects are for the largest attendance this year than at any time during the past several years they have been held.

"Gets-It" Makes Corns Vanish

Even Surgeons don't cut their own corns. They use "Gets-It" to rid their feet of corns or callous feet. Why should you risk infection or a slip of your razor when it is so easy to end corns and callouses, quickly, completely, permanently. Two or three drops of "Gets-It" stops all corn pain—then the corn loosens so you can peel it right off with never a twinge of hurt. Try it today. E. Lawrence & Co., Chicago. Sold everywhere—money back guarantee.

The Flu and You

Chiropractic Health Talk — No. 91.

By H. V. McCully, D. C., Ph. C.

We are now starting in the period of the year when Colds, Flu and Pneumonia are most common.

If poisons and toxins are staying in the body due to weakened liver, kidney and bowel action, then nature must do something of them.

A fever is the adaptive action to accomplish this end and gives rise to the condition of so called Flu.

If the lungs are not receiving their full amount of Life Force their resistance is below par and they are not capable of carrying on the excess work thrown upon them at this time. Congestion takes place and so called Pneumonia is the result.

It is well to remember that the record in the Influenza epidemic showed one death in every 886 patients given Chiropractic Spinal Adjustments.

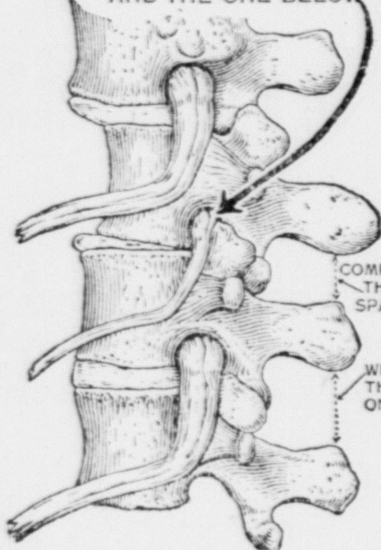

Chiropractic drives right at the cause and that is the reason its patients recover.

There is no substitute for our Chiropractic Adjustments to take care of the above conditions.

Given Up To Die

"My boy was having hemorrhages every three minutes. The case had become worse and was now pneumonia and physicians said the entire left lung had filled up. In the emergency I went for the chiropractor in my car and brought him back. Before the first chiropractic spinal adjustment was given, the hemorrhages were coming every minute, and the congestion had started in the right lung. But the hemorrhages were stopped almost immediately. The breathing became easier. As the days went by the boy became stronger and he was soon able to take a ride with me. He fully recovered and today is sturdy and strong with no hint of lung weakness." — A. F. Slingerland, Chiropractic Research Bureau, Statement No. 1343 C.

The New Studebaker Special Six Duplex-Phaeton

Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 30 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

In justice to yourself—see this car today.

NEW COLLEGE FOR GARY

W. A. Wirt, Supt., Said Plans are Being Made for a University

Gary, Ind., Nov. 13—A new university for the city of Gary was envisioned by William A. Wirt, superintendent of the Gary public schools in an interview today.

He said plans are already being made for a college here that would take advantage of Gary's many facilities to aid the student while attending. An endowment of \$25,000 must be raised under the state law before the project can be started, however, he said, but added that the project was a possibility.

According to Wirt's plans the student would attend the school from 4 p. m. to 9 p. m. and work in one of the Gary steel mills or other industries during the remainder of the day. The ordinary four year course would be six years long, however, but after the student has completed his school course he would have six years of practical industrial training behind him to place him head and shoulders above other college graduates.

Bad Coughs Ended Quickly by Double-Action Remedy

Remarkable results in quickly clearing up the severest coughs have been obtained with a prescription by a well-known specialist that does two things at once. It not only soothes and heals the soreness and irritation, but it very quickly loosens and removes the phlegm and congestion which are the real cause of the coughing. It is often astonishing how speedily the cough stops.

The prescription is known as Dr. King's New Discovery for Coughs. It is particularly valuable for night coughing. To promptly end this annoying and weakening scourge, simply before retiring take one teaspoonful of Dr. King's New Discovery and hold it in your throat 15 or 20 seconds before swallowing. People who have been unable to rest on account of continual coughing have often gotten their full 8 or 9 hours' sleep by this simple method.

Dr. King's is excellent, too, for children's spasmodic croup, bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

It Rolls up Good Will Through Merit Alone

It is easy to understand the vast volume of good will the good Maxwell has rolled up.

The car earns it through sheer merit alone. You grasp this at once as soon as you become familiar with its powerful, yet agile performance, the easy, effortless manner in which it does its job, its comfort, its economy.

Then you say to yourself: No wonder these Maxwell owners are enthusiasts. They are enjoying a performance—an automotive service—distinguished by qualities never before found in a car, a performance worthy of a far higher price.

You, too, will confirm this judgment and add to the good will, directly you become really acquainted with the Chrysler-built Maxwell of today.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

Movies

Many Stars In Picture

That comedy represents the public's most popular form of entertainment is evident from the record attendance at the Princess theatre even since the opening of John M. Stahl's "Husbands and Lovers."

Seldom does a picture get the hilarious response that has been accorded this production. With a story treating on the ups and downs of early married life and a cast containing such favorites as Lewis S. Stone, Florence Vidor and Lew Cody, this First National picture presents familiar domestic entanglements in a new and humorous way that takes with everyone, young and old, married or single.

To reveal the story in detail would detract from the pleasure of those who have not yet seen the film. Suffice it to say that in its cleverness, its subtle, human touches, its laughter-provoking incidents and its true-to-life entirety it represents the height of motion picture achievement.

Not only is "Husbands and Lovers" perfect entertainment, but it puts forth some ideas that husbands—and wives—would do well to take seriously. There is no preachment or even a suggestion of it, but, although rich in humor, the picture, is anything but a comedy fluff. It has a deep understanding thought behind it. In this respect it somewhat resembles Stahl's last two pictures, "Why Men Leave Home" and "The Dangerous Age," which also had the same general setting, although there is no similarity in the plots.

TAKE STAND AGAINST LAW ENFORCEMENT

Citizen's Erect Signs "No Game Warden Allowed to Trespass on Farm Without a Warrant"

IN 2 NEIGHBORING COUNTIES

Indianapolis, Ind., Nov. 12.—Numerous prosecution of fish and game law violators in Johnson and Shelby counties in the vicinity of the county line, have aroused some citizens of the locality to take a decided stand against law enforcement, according to advisers reaching the state conservation department.

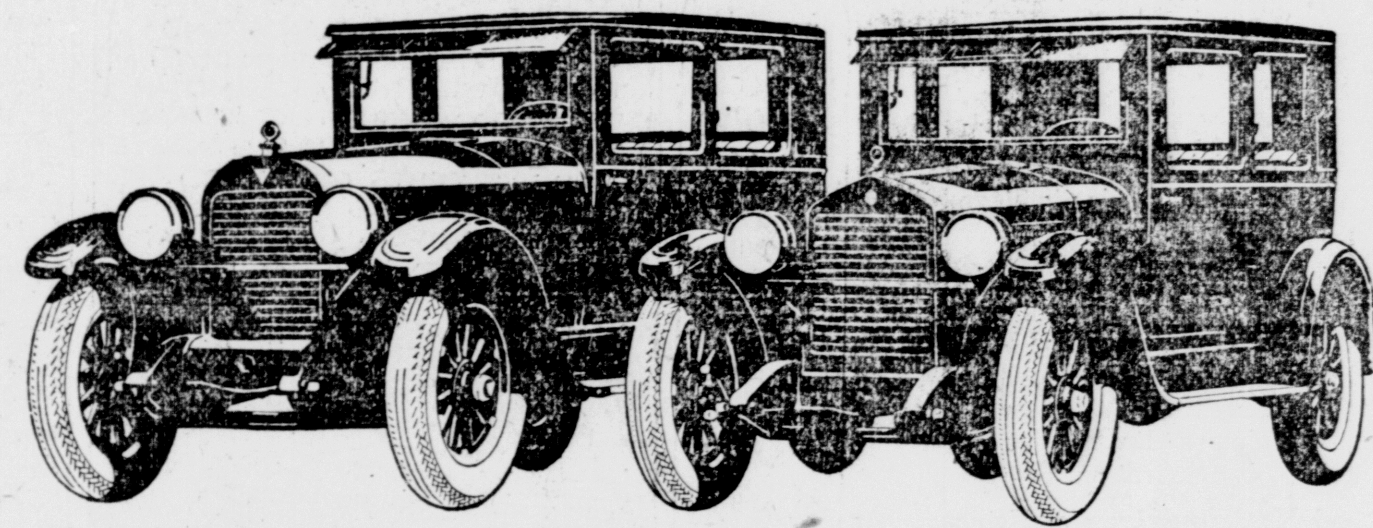

Signs have been erected on several farms, according to George N. Mannfeld, chief of the fish and game division, reading:

No Game Warden or Fish Commissioner Allowed to Trespass on This Farm Without a Warrant. Mannfeld is of the opinion these signs were posted because several persons of the locality recently were forced to pay heavy fines and costs for violating fish and fur-bearing laws. He takes the position that placing such signs constitute prima facie evidence the owner or tenant is a violator, and points out that such signs will induce many who violate the laws to congregate there when in quest of game.

Instructions have gone out to the wardens to watch this territory with increased zeal.

Mannfeld says that his department last month confiscated several large seines and trammel nets in Shelby county.

From advises he is of the opinion that only a few farmers are organized in this movement against the warden service, and is optimistic in his belief that when these better understand that wardens are their best protection from lawless people who, if unrestricted, would soon exterminate wild life, farmers on posted lands will cooperate instead of working against the department.

MAKE A FINAL CLEMENCY PLEA

Parents of Harry Diamond, Con-
demned to Die in Electric Chair,
Appeal to Gov. Branch

GOVERNOR STANDS BY RULING

Says Lake County Wife Slayer Was
Sane at Time of Murder and Re-
fuses to Grant Stay

Indianapolis, Ind., Nov. 13—The
parents of Harry Diamond, awaiting
execution in the state prison at
Michigan City tomorrow for the
murder of his wife, were making
their last futile appeal for clemency
to Governor Branch today.

Mr. and Mrs. Joseph Diamond of
Gary, Ind., parents of the condemned
man, were at the office of the
governor this morning to plead for
their son.

The governor stood upon his rul-
ing that Diamond was sane at the
time of his murder and refused to
stay the execution.

Michigan City, Ind., Nov. 13—
Harry Diamond, Lake county wife
murderer, today saw his last sun-
rise, ate his last hearty breakfast
and had no word for anyone.

Between midnight tonight and sun-
rise Friday morning Diamond will go
to his death in the electric chair at
the state prison here.

E. J. Fogarty, warden of the pris-
on, announced the execution, the
first in Indiana since 1919, was set
"for a few minutes after midnight."

When apprised that Governor
Branch had refused to stay his execu-
tion Diamond paced in his cell and listened
attentively.

He received the word without a
change of expression of his face,
declared he had no statement to
make, and then resumed his mechan-
ical four steps and turn.

The condemned man spent the
morning in his cell and was permitted
to read the morning papers.

He was to see visitors, including
members of his family, for a few
moments this afternoon and will then
be taken to the death cell.

In refusing to commute Diamond's
sentence to life imprisonment, Gov-
ernor Branch declared he had been
given a fair trial by jury and was
sane at the time of the trial and
that he found no legal grounds for
preventing the execution.

RELEASED ON ADVICE STATE FIRE MARSHAL

Mrs. Elsie Davis, 24, Accused of
Arson, Freed Because Evidence
Was Thought Insufficient

PROMISES TO LEAVE STATE

Mrs. Elsie Davis, age 24, the wo-
man who was held on a charge of
arson, being accused of setting fire
to the barn on the G. P. Manzy
farm last week, was released from
jail late Wednesday, when word
from the state fire marshal's office
was received, stating that they did
not believe the evidence sufficient to
convict.

Mrs. Davis was taken to the of-
fice of Newman T. Miller, state fire
marshal on Tuesday, where she and
other witnesses were examined in
the matter. She was brought back
here and placed in jail to await the
decision of the preliminary hearing.

Newman T. Miller in his message
to Sheriff Hunt last night, stated
that if it was agreeable to the par-
ties concerned in Rush county, that
he was of the opinion that the evi-
dence was not strong enough to
warrant prosecution. He suggested
that she go free, upon condition
that she and her husband, Charley
Davis, leave the state, and return to
their home in Missouri. The people
consented to leave, and disappeared
after she was released.

Night Session of School in Rush-
ville Planned to Give Patrons
Opportunity to Attend

Various speakers have been as-
signed to the township schools of
the county for the annual observ-
ance of American Education Week,
which will be held next week, and in
the list of speakers will be local per-
sons, as well as those associated
with the state department of educa-
tion.

Appropriate programs also are
being arranged in the schools for the
observance of the week, and it is
expected that considerable interest
will be aroused in Rush county over
the educational programs.

In Rushville city the program is
being worked out, and it is planned
to hold a night session of all public
schools, both grades and high schools
next Wednesday night, in
order that all school patrons can
attend the schools and see how they
operate.

This plan will be announced in
more detail in a few days, and as
soon as the plans have been com-
pleted.

Foremost among the speakers for
the county next week will be Prof.
Sherwood of Franklin, who is the
state superintendent of public in-
struction, and who will assume
charge of the office soon, succeeding
Benjamin Barris, the present head.
The new superintendent will be in
Rush county on next Thursday.

He will address the Kiwanis club
here at noon, and visit the schools
while here, and at night he will ad-
dress the Educational Week and
audience at Carthage. The complete
program for the week, is as follows,
as announced by B. D. Farthing,
county school superintendent:

MONDAY

Milroy, speaker, John H. Kindinger,
attorney of Rushville, evening.

West, speaker, Rev. Gibson Wil-
son of Rushville, evening.

Center, H. G. McComb, state de-
partment, evening.

SPEAKING OF GIANTS

MILROY MAN IS NAMED PRESIDENT

Walter H. Richey Again Heads Rush
County Sunday School Association
For Another Year

CONVENTION WELL ATTENDED

Twenty-six Sunday Schools and
Every Township Except one Re-
presented at Glenwood Sessions

Walter H. Richey of Milroy was
re-elected president of the Rush
County Sunday School association,
at their annual meeting Wednesday
at the Methodist church in Glen-
wood, and an interesting program
was rendered for the day. The
meeting was pronounced as one of
the best county meetings on record.
Most of the officers were re-elected
for the ensuing year, and two
new officers were created. The dele-
gates decided to hold the meeting
next year at the Big Flatrock Chris-
tian church.

At the county meeting yesterday,
there were 26 Sunday schools of
the county represented, and 136
delegates registered. Every town-
ship was represented except one.

Besides Mr. Richey, the other of-
ficers who were elected were, Elmer
Hangerford of the Big Flatrock
Christian church, vice president;
Mrs. Rena Warner of Rushville se-
cretary-treasurer; Mrs. Luedith
Simpson, of the Gowdy church, su-
perintendent of the children's divi-
sion; Mrs. Guy Hamilton of Milroy
superintendent of the Young People's
division; Elmer Hutchinson of Ar-
lington, superintendent of the adult
division.

All of the above were re-elected,
and the following two offices were
created, and the appointment made

BUTLER TO SUCCEED LODGE

National Committee Chairman Ap-
pointed by President Coolidge

Boston, Mass., Nov. 13—William
M. Butler, chairman of the Repub-
lican National Committee who was
President Coolidge's campaign man-
ager, was appointed by Governor
Cox today to succeed the late Hen-
ry Cabot Lodge, as senior United
States senator from Massachusetts.

Butler's appointment holds for
two years until the next biennial
election when he will have to stand
for re-election for the remaining
two years of Lodge's unexpired
term, which lasts until 1928.

Epidemic of Hiccoughs Is Said to be Subsiding

An epidemic of hiccoughs
that has been sweeping Rush-
ville for the past few weeks, is
said to be subsiding, and a
number who were seriously af-
flicted are recovering.

Webster's new International
dictionary defines hiccoughs
or (hiccups) as "a spasmodic
inspiratory movement, consist-
ing of a sudden contraction of
the diaphragm, accompanied
with closure of the glottis, the
inrush of air against the closed
glottis producing a peculiar
sound."

"I feel like I was being con-
tracted," said one of the vic-
tims, when the cause was ex-
plained to him.

Frank Havens, former city
patrolman, claims the "distinc-
tion" of being the first person
to have the hiccoughs in the
present epidemic.

J. P. Stech, justice of the
peace, only recently recovered
from a serious seizure with the
malady, which resulted in him
being confined to his home for
several days.

Pat Gilligan, 912 North Per-
kins street, is reported to have
suffered worse than anyone
from the affliction, but is now
on the road to recovery.

INVESTORS ARE ON STAND FOR STATE

Those Who Lost Heavily in Crash
of Hawkins Mortgage Co., of Port-
land Testify in Trial

GOVERNMENT'S CONTENTION

Attempting to Show Defendant In-
duced Investors to Exchange
Good Stock for Worthless Brand

(By United Press)

Indianapolis, Ind., Nov. 13—In-
vestors who lost heavily in the crash
of the Hawkins Mortgage Company,
of Portland, Ind., and its subsidiary
loan societies were called today to
testify as government witnesses in
the trial of sixteen company officials
on charges of using the mails to de-
fraud.

District Attorney Elliott will at-
tempt to prove through their testi-
mony that thousands of investors
were induced by the defendants to
exchange holdings in the loan so-
cieties for worthless stock in the
Hawkins company.

Farmers, widows and small busi-
ness men, according to the govern-
ment, were the heaviest losers.

Large piles of letters and adver-
tising matter promising a big return
on investments were introduced as
evidence by Elliott.

During examination of a number
of employees of the Hawkins firm
yesterday Elliott attempted to prove
that the sixteen defendants con-
spired with Morton Hawkins in the
worthless stock selling campaign.

Defense attorneys questioned
each witness closely in an effort to
show that responsibility for the al-

STOCK SALE GOES TO \$45,000

Further Subscriptions to Furniture
Factory Preferred Issue

Reports received today indicated
that approximately \$45,000 worth of
the proposed dining room furniture
factory preferred stock issue had
been taken by local investors, and
several canvassers have not report-
ed.

New purchasers of stock an-
nounced today included Abercrombie
Brothers, Miss Anna L. Bohannon,
Mrs. Will Dill, Mrs. Sarah Giffin and
Will Dill.

The issue is for \$75,000 and an
effort is being made to place all of
it locally so that erection of the
new plant may be started this fall.

COLDER WEATHER IS COMING

Expected to Follow Downpour of
Rain That Fell All Day

Colder weather is predicted for
this locality, according to the wea-
ther bureau, and the heavy downpour
of rain was welcomed by all far-
mers, breaking the extended drouth.

The rain started with a heavy
downpour today and continued prac-
tically all day, with the weather
bureau predicting more rain tonight
and for Friday, with colder weather
accompanying the rain tonight.

Until Wednesday the rainfall this
autumn had been scarce, and be-
cause of the dryness of everything
the rain is welcomed by everyone.

JURY ACQUITS REP. J. P. HILL

Holds Manufacture of Wines and
Cider of Ordinary Alcoholic Intent
is Permissible

TEST OF THE VOLSTEAD ACT

Judge Charged Jury Verdict Must
be Considered as Passing on What-
ever Beverage Was Intoxicating

(By United Press)

Baltimore, Md., Nov. 13—Manu-
facture of wines and cider of ordi-
nary alcoholic content in private
homes is permissible, a jury in United
States District Court here decided
today.

The jury dismissed all the counts
of the indictment against Representa-
tive John Philip Hill of Maryland
which had charged him with unlaw-
ful manufacture of 11-64 percent
wine and 2.7 per cent cider in his
home.

Hill provoked the trial to test po-
wer of the Volstead act over home
brewing.

The jury reported to Judge Morris
Soper after 20 hours deliberation
that it had found Hill, the defendant,
not guilty on each of the six counts
in the indictment found against him.

The counts of the indictment had
charged Hill specifically with manu-
facture and possession of intoxic-
ants and with creating a common
nuisance by having intoxicants in
his home.

The exact wording of the dismis-
sal was:

"We, the jury, find the defendant
not guilty of the matter of which he
stands indicted."

The jury was composed of a gro-
cer, coal dealer, two insurance men,
a clerk, a printer, a produce broker,
an engineer and three business ex-
ecutives. Robert E. Stevens, a com-
mission merchant, was foreman of
the jury.

Judge Soper, in charging the jury,
told them that their verdict must be
considered as passing upon the
question of whether the beverage
manufactured by Hill was intoxicat-
ing. He said the issue of intoxica-
tion must be decided on the question
of whether or not "a practical
amount" consumed by any man
would produce drunkenness.

Hill, who has long been opposed
to the prohibition laws, shouted
with glee when the verdict was re-
turned.

"Well, boys, you can make all the
wine you want now," he said. "I al-
ways did have faith in the common
sense of these Maryland juries."

DENTON HOLDS LEAD OF 103

Democratic Candidate Ahead With
Official Canvass Incomplete

Indianapolis, Ind., Nov. 13—A
mandate to force the secretary of
state to accept a correction in the
official vote of Howard and Sulli-
van counties will be asked by the
Democratic state committee, Mrs.
Gertrude Hugh, secretary, an-
nounced today.

The correction certified to the
board of election canvass favors
George Denton, democratic candi-
date for justice of the Supreme
court for the first district.

In the official count Denton is
leading Benjamin Willoughby, Re-
publican candidate, by 103 votes,
and 33 counties not canvassed.

RUSHVILLE ROAD IN STATE SYSTEM

Highway Between Here and Con-
nersville Was Taken Over by
Highway Commission

EFFORTS OF LOCAL MEN

Public Affairs Committees Have
Been Working on Project— State
Roads in Each Direction

The road leading from Rushville
to Connersville, through Glenwood,
has been made a part of the state
highway system, according to an an-
nouncement today from John D.
Williams, director of the commis-
sion, in which it was stated that al-
most 1,000 miles of roads had been
added to the state system, bringing
the mileage up to 5,039.5 miles.

The inclusion of the Rushville-
Connersville road in the state sys-
tem is the successful termination of
a campaign by the public affairs
committee of the Rushville Rotary
and Kiwanis clubs, which has been
carried on for the past two years.

The committees have interviewed
members of the state commission on
a number of occasions and have
been promised that when any more
roads were added to the state sys-
tem, it would be included.

Since Rushville now has trunk
lines leading in all directions, as
parts of the state highway system,
the next effort here will be directed
towards inducing the state highway
body to pave road No. 39 between
here and Indianapolis.

This road has held up under traf-
fic well until this year, but people
who have been using it say lately
that it has been unusually rough
and that no amount of maintenance
work will prevent it from becoming
rough, due to the increase in its use.

The route from Indianapolis to
Cincinnati is one of the most widely
traveled, of any of the state high-
ways, and the opinion is growing
here that the state highway commis-
sion will soon have to include the
road from Indianapolis to Rushville
in its paving program.

Taking over of the road from
Rushville to Connersville will pro-
vide a new route from Indianapolis
to Cincinnati and will give motorists
an opportunity to avoid the hills
and winding road between here and
Brookville.

The road from here to Brookville
is good, but it is narrow in many
places and there are dangerous

Passes Away This Morning After
Illness of Several Weeks With an
Internal Cancer

FUNERAL SATURDAY AT 1 P. M.

Mrs. Lucinda Lawson, wife of
John Lawson, died this morning a-
bout four o'clock at the residence in
Homer, death resulting from an ill-
ness extending for several weeks of
internal cancer.

The deceased had lived in Homer
for three years, and prior to that
had been a resident of other portions
of the county, and had also lived in
Fayette county. She was 70 years
of age last August. Her illness had
been regarded as serious for the
past seven weeks.

Besides the husband, she is sur-
vived by five children, Roxie Lawson
who lives at home, Charley and
Ralph Lawson of Shelbyville, Ordie
Lawson of Rushville and Mrs. Ro-
sie Ennis of Homer. She also is sur-
vived by a brother, Leat Hite of
Clarksburg. Two grand daughters
and three grandsons, also are sur-
vivors.

Funeral services will be held Sa-
turday afternoon at one o'clock at
the late residence in Homer, and
burial will be made in the cemetery
at Richland.

E. B. LEE'S FUNERAL

The funeral services for Edwin
B. Lee, who expired Wednesday
morning at the home of his daugh-
ter, Mrs. Dolph Faurate in Newcas-
tle, will be held here Friday after-
noon at 2 o'clock, at the late resi-
dence, 435 North Sexton. Burial will
be in East Hill.

Heavy Buying Sends Wheat and Corn Prices to New High Levels

Chicago, Ill., Nov. 13—Heavy buying in the wheat and corn pits on the Chicago Board of trade today sent prices soaring to new high levels for 1924 induced by a Canadian crop report which indicated a lower yield than anticipated.

May wheat sold at \$1.63 a bushel just before the close today. May corn at \$1.20 and July at \$1.21 also touched new high levels on the crop. Profit taking sales at the close reduced the figures from the high level and all grains were selling at higher figures than yesterday.

AFRAID SHE COULD NOT LIVE

Operation Advised, But Lydia E. Pinkham's Vegetable Compound Made It Unnecessary

Glasgow, Kentucky. — "I was run-down, nervous, with no appetite. My side had given me trouble for five or six years. At times it was all I could do to live, and the doctor said I couldn't live but a short time longer without an operation. That was two years ago. My sister-in-law recommended Lydia E. Pinkham's Vegetable Compound. She had never used it herself, but she said one of her neighbors suffered just like I did, and it cured her. After I had taken four bottles the pain left my side. I had a fine appetite to eat anything that was put before me, and I began to do all my work and my washing, something I hadn't done for years. I am a dressmaker, and this last fall I began suffering with my side again, so I began taking the Vegetable Compound again. I am on my fourth bottle, which makes eight in all I have taken. I feel so much better when I take it and everybody tells me I look better. My appetite improved and I feel stronger in every way. I am a very nervous woman and it seems to help my nerves to much."

FOUR BRAZIL MEN ARE KILLED AT CROSSING

Speeding Interurban Car Strikes Automobile Carrying Hunters Starting on Trip

AUTO STALLED, IS BELIEF

Brazil, Ind., Nov. 13—A speeding interurban car struck an auto near here last night, killing four men instantly.

The dead: George Farell, 60, Carl Farell, 28, John Penman, 32, William Yocum, 21. All lived near Brazil.

The men were starting on a coon hunt and were driving down a private road when their auto was struck. It is believed the auto stalled on the crossing.

The interurban was behind schedule and was running at a speed of nearly 60 miles an hour to make up lost time. It hurled the auto one hundred feet. Bodies of three of the victims were thrown clear of the tracks.

Yocum's body was caught beneath the wheels of the interurban and so badly mangled identification was difficult.

Five dogs the men were taking on the hunt were killed.

Traffic on the Terre Haute division of the traction line was held up most of the night while a wrecking crew cleared the tracks.

TO PROBE P. O. EXPLOSION

Inspectors Enroute to Grand Rapids Mich.—Two Employees Killed

Grand Rapids, Mich., Nov. 13—Postal inspectors are enroute here today to investigate the explosion at the local postoffice late yesterday in which two persons were killed, nine seriously injured and a score or more bruised.

The exploding was on the loading docks of the building and local authorities are of the belief that a dynamite bomb of some sort was used. Letters and parcels were strewn about and several mail tracks totally destroyed by the force of the blast. One truck was lodged on top of a three story concrete building.

All those injured or killed were postal employees.

lized fraud rested entirely with Hawkins and that the defendants approved the transfer of investments in good faith.

Morton Hawkins of Portland, Ind. chief defendant in the case who has been a fugitive from justice since the first of October will receive no favors from the government if he surrenders voluntarily. District Attorney Elliott declared today.

A representative of Hawkins attempted to deal with postoffice inspectors in Washington for Hawkins to give himself up if he would be released on small bond.

The first of the Hawkins investors took the stand late yesterday. Their story was practically the same. They told of exchanging their loan society holdings for Hawkins stock on the promise of large returns and waiting in vain for the dividend checks.

Mrs. Adela Brown, of Orleans, Ind., testified that when she wrote the Hawkins company and complained she had received no dividend check she was informed it had been delayed because of the "holiday rush."

The government will introduce nearly 150 witnesses before it concludes its case. Judge Geizer is making efforts to speed up the trial and bring it to a conclusion within two weeks.

WHEAT POOL COIN GOES TO MEMBERS

Nearly \$150,000 Sent to Farmers of State Who Were Members of the Indiana Pool

IS A 15 CENT PAYMENT

Previous Payment Made so That The Total Selling Price to Date Is 85 Cents

Indianapolis, Ind., Nov. 13—Nearly \$150,000 has been sent to farmers in the last ten days by the Indiana Wheat Growers' Association for wheat delivered by them as members of the Indiana wheat pool, it was announced at the association headquarters here today.

This sum represents a 15 cents payment a bushel on the wheat delivered to the pool and the second distribution made by the pool to the account of its members.

In addition, it was announced, checks will soon go forward, in payment for farm storage of wheat. Farmers who will receive these checks are those who stored their wheat on the farms until it was called for by the association. Payment for farm storage, at the rate of one cent a bushel a month is made after the farm-stored wheat has been called for and delivered.

Nearly 4,000 growers received the second payment for their pooled wheat, including all those who had delivered wheat to the association up to October 8. Since that date more than 500 additional growers have delivered wheat, and nearly 3,000 more growers are holding

wheat subject to call of the association for delivery.

The second payment brings the total paid a bushel to 85 cents for No. 1 wheat, an amount approximately equal to what the average grower received in total for his wheat last year.

Further payments will be made as additional wheat is sold by the pool.

The announcement states that the association has been able to market its wheat in an orderly manner, taking advantage of high markets and withholding wheat from the market at times when the demand was reduced and the supply apparently large.

Wheat association officials said they were optimistic over the outlook

Romantic Elopers Continue Their Visit to Indiana's 'Gretna Green'

Jeffersonville Now Bobs up as a Rival to Crown Point, as 3,309 Marriage Licenses Were Issued Last Year in Ohio River City, While Lake Front City Tied up 5,784 Knots. Indianapolis Marriages Reached 4,521

Jeffersonville, Ind., Nov. 13—Jeffersonville has begun to share the honors with Crown Point as Indiana's "Gretna Green."

Romance is still alive, according to figures from the United States census bureau received here. Despite the rule of feminism and the predominance of hip liquor and petting parties many young couples still feel romantic enough to elope.

For, according to the figures from Washington justices of the peace tied 3,309 marriage knots in Clark county in 1923. This would not indicate very much until a comparison is made with the marriage in Marion county which totaled only 4,811. Furthermore Clark county showed a greater increase with 2,835 marriages in 1922, when Marion county had 4,521.

Lake county, where Crown Point the famous Gretna Green is located was still in the lead in the matri-

monial race, however, with 5,784 knots tied in 1923, and 5,253 in 1922.

Because of the fact that it is far easier to be married than obtain a divorce in Clark county only fifty-six divorces were granted in 1923, and forty-four in 1922.

Lake county had a low percentage of divorces with 387 in 1923, and 356 in 1922. Marion county had 1,400 in 1923 and 991 in 1922.

St. Joseph county was next in line after Clark county, with 1,661 marriages and 422 divorces in 1923. Vigo county had 1,562 marriages and 426 divorces and Vanderburgh county, 1,406 marriages and 561 divorces.

In the entire state, a greater increase was shown in marriages than in divorces. There were 40,971 marriages in 1923, and 37,692 in 1922; 7,404 divorces in 1923 and 7,110 in 1922.

COUNTY PRINCIPALS GOING TO CONFERENCE

Number Expect to Attend Meeting at Bloomington Friday and Saturday Under Auspices of I. U.

EDUCATORS ON PROGRAMS

Eugene B. Butler, principal of the Rushville high school, and practically all of the high school principals of the county, are planning to attend the High School Principals' conference at Bloomington Friday and Saturday of this week.

It will be held under the auspices of the school of education of Indiana university and some of the prominent educators of the state will address the principals. The first session will be held Friday afternoon at two o'clock and the conference will close with Saturday morning's session at 9:30, so that visiting principals will be free to attend the Wabash-Indiana football game.

Dr. Franklin Bobbitt of the University of Chicago will address each of the three sessions on educational topics. Benjamin J. Barris, state superintendent of public instruction, will discuss costs of high school instruction Friday afternoon and E. E. Ramsey, state school inspector, will talk on the relation of state courses of study to local courses Friday afternoon.

Prof. J. E. Adams of Franklin college is also on the Friday afternoon program, together with Mr. Ramsey and Dr. Bobbitt. There will be a dinner session at the Graham hotel Friday evening at 6 o'clock.

TRIAL CONTINUED

A complaint on a note filed by W. J. Glick against Charles D. Bowen, scheduled for trial in Justice Stech's court today, has been continued indefinitely by the court.

You know Lincoln the president—but do you know Lincoln the man?

You know what history and literature tell of him, but do you know his life behind the scenes?

You know he is the greatest man America has produced—but do you know all the things that made him great?

You know his name is Abraham—but do you know why they called him that?

Come see it—the years past have never given a bigger picture nor will you forget it in the years to come.

Deliverance at Hand:—I will be with him in trouble; I will deliver him. Psalm 91:15.

Prayer:—O Blessed Redeemer and Lord, we would come unto Thee, for in Thee we are safe from every fiery dart of the Wicked One.

By The People

A small minority that has no faith in our form of government has succeeded in putting in the mouths of people who do not hold to their views, the word "democracy."

"Saving" the world for democracy" rolled off the tongues of war-time orators with great ease. The thought had been implanted in their minds by others and they never stopped to study the meaning of the phrase.

The wide application of the primary law, which has been foisted off on an unsuspecting people by political reformers, may have led some to think that we were coming close to a democratic form of government.

This is still a representative republic, however, so those who founded it intended it should be, and unless we stick close to shore and dodge the breakers of a pure democracy, our future as a nation is endangered.

Those who wish to characterize the American government correctly should discard the misnomer "democracy." A railroad run directly by the stockholders, with every share owner attempting to give orders to the trainmen, would be a democracy, but few people would want to risk their lives on such a railroad. The stockholders elect directors to represent them in running the business.

The United States is a large corporation. Every voter is a share holder. We go to the polls at stated periods to elect our representatives to attend to the affairs of govern-

ment. If they don't act in accordance with our views, we can recall them.

We don't need any initiative or referendum to decide whether the laws they enact are proper. We select them to pass laws and enforce them. If they don't perform as we think they should, there is always another election coming.

Radio Liars

Progress has its handicaps. There's the radio liar, for example. He is a creature of environment, a victim of circumstances, but he exists, and he has become such an offender of common decency, that a procedure had to be developed to squelch him.

The radio liar has had all of the natural advantages that the fisherman liar possesses, with the additional one that he never had to prove what he said.

He could boast to his friends next day that he got station WXYZ two or three thousand miles away and they couldn't call him a liar. Neither could they dare him to prove it.

But from now on he will have to prove it. Radio stations are issuing engraved stamps bearing their call numbers.

If the radio liar says he had a given station on the air, tell him to write the station for a stamp, enclosing ten cents, and if he convinces the station that he heard something on their program, one will be mailed to him.

Exit, the radio liar. From now on, make him eat his words, if he can't produce the evidence.

No Graver Duty

In appropriating funds for the support of the schools of Washington, congress directed that no salaries should be paid to teachers who teach their pupils that ours is an inferior government. It is remarkable that such a warning has to be issued anywhere, particularly at our national capital, but it touches upon a matter that concerns many of our schools throughout the country.

When 4,000,000 of our voters give their support to the radical ticket it is not surprising if some of the poison should find its way into the schools. There is no graver duty attaching to legislators and to school officials than to stamp it out. In legislating for the District of Columbia congress has set an example in this matter that may well be followed by the states.

Facts About Child-birth

It has been proven conclusively that much of the suffering, pain and dread connected with child-birth is entirely unnecessary. An eminent physician, Dr. J. H. Hahn, expert in this science, first achieved the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pain" disappeared in two days after using "Mother's Friend." writes a woman of over 70 years of age. "Mother's Friend" is sold at all drug stores and is the most wonderful comfort it will give you.

Write Bradford H. Hahn, Co., Dept. 24, St. Atlanta, Ga. for free booklet giving many facts every expectant mother should know. "Mother's Friend" is sold at all drug stores everywhere.

Why Goodyear Tires are Better
Never Before was the Quality so High

Goodyear Tires are built of selected long fibre Egyptian cotton (many so-called quality tires use a much inferior grade). The rubber in Goodyear tires is compounded by Chemists with years of experience, that is why Goodyears are so uniform in service. Goodyears are cured on air, thus eliminating defects and complaints later.

These are a few of the reasons why MORE PEOPLE RIDE ON GOODYEARS THAN ON ANY OTHER KIND.

Tremendous production is why it is possible to buy Goodyear Quality at Our Price.

ALONG THE SIDELINES

Chicago—Confident their line-
rated best in the conference, will
turn back Northwestern, Stag's
Maroons restricted practice to signal
drill. Final practice except for lim-
bering exercises Friday, will be held
today.

Evanston—Northwestern polished
up its aerial attack and Ralph Ba-
ker was run through his paces today
in the last workout before the Chi-
cago game.

Urbana—Coach Zuppke today was
gravely concerned over the weakness
of his line. With the best backfield
anywhere, "Zup" hopes to balance
the team before the Minnesota game
Saturday.

Ann Arbor—Behind closed gates
the Wolverines were subjected to a
hard attack by the freshmen who
used Ohio plays.

Minneapolis—A patched up Min-
nesota team may face Illinois here
Saturday. It is doubted whether
Schutte, hard playing back will be
in the lineup.

**INTERESTING GAMES
BOOKED FOR FRIDAY**

In Addition to Rush County Con-
tests, There Will be Important
Battles in This Section

GREENSBURG AT COLUMBUS

Many interesting basketball games
are booked on the schedules of
teams in Rush county and adjoining
counties for Friday night, and
deep plunges are being made by
some of the teams with games
scheduled that usually appear in
mid-season.

Rushville goes to Liberty for a
game. Other games for Rush county
teams, will see Carthage on the
floor at Spiceland. Gings will jour-
ney down to New Salem for a game.
Moseow goes to Raleigh. Waldron
will come over from the county line
to meet Milroy in the gym at Milroy.
Then, outside of the county, Con-
nersville will take a big bunch, of
fans to Shelbyville, where the two
teams will meet, and the outcome
will give teams in this vicinity an
idea of the strength of each.

Greensburg will play at Columbus
which will give Rushville a check on
the Columbus team. Greencastle
plays at Frankfort, Martinsville at
Bedford, Seymour at Franklin and
Vincennes at Washington.

On Saturday night the team from
Atlanta will play at Orange.

**PURDUE SCOUTS
PRAISE CRIMSON**

Declare I. U. Has Best Team in Ten
Years, in Preparing Boilermak-
ers For Nov. 22 Game

CLAYPOOL MAY GET IN FRAY

Lafayette, Ind., Nov. 13—"The
best Indiana team in ten years" was
the cryptic report of the Purdue
scouts who witnessed the Indiana-
Ohio game at Columbus last Satur-
day, and when it is considered that
it is just nine years ago since Pur-
due slipped over a win on the cri-
mson, the job that the Purdue coach-
ing staff faces in preparing for the
annual Indiana-Boilermaker clash
in the new Ross-Ade stadium Nov.
22 may be easily imagined. Work be-
gan in deep earnest Monday after-
noon in preparation for the conflict.

Purdue's chances in the contest,
no matter what the strength of the
Crimson, will depend to no small ex-
tent on how much recovered Captain
Ralph Claypool is from an injury
suffered in the Chicago game, when
he broke his ankle. The Purdue lead-
er, regarded as perhaps the leading
center of the Western conference
has not been out in uniform since the
Maroon game, but is hopeful of be-
ing able to get out on the field the
first of next week. The Boilermakers'
mightily by Claypool's presence at
the pivot position.

Purdue's last game of the season
before the Crimson scrap, was
played last Saturday with DePauw,
while the Hoosiers have one more
contest, with Wabash next Saturday.
Indiana's victory over Ohio has ad-
ded greatly to the interest being
shown in the game in the Ross-Ade
stadium Nov. 22, and Coach Doan's
office is working overtime filling or-
ders for seats for the contest.

Madison—Dummy scrimmage re-
placed regular scrimmage on the
Badger program to avoid injuries
before entering the Iowa game. Ru-
mors of proposed changes in the
coaching staff over-shadowed actual
preparations.

Columbus—Hard scrimmage was
taboo with Ohio State, Coach Wiley
taking no chances on his battered
team suffering more injuries.

Iowa City—Hawkeyes tactics a-
gainst Wisconsin will be offensive
with Coach Ingwersen anxious to
push the fight at all times.

South Bend—A complete sell out
of 26,000 tickets was reported to-
day to tardy applicants for tickets
to the Nebraska-Notre Dame game
Saturday. Coach Rockne clamped
the lid of secrecy on practice.

CALL TO STATE BANKS

Indianapolis, Ind., Nov. 13—The
state banking department today is-
sued a call for the condition of state
banks and trust companies at the
close of business on Nov. 10.

There will be a fried chicken sup-
per served in the Wesley M. E. Hall
Friday evening. The serving will be
gin at five o'clock and there will al-
so be a program given in connection
with the supper at eight o'clock in
the church. The admission will be
ten cents.

Such popularity must be deserved

To convert critics into enthu-
siasts, whether for a new school
of music or for a cigarette, re-
quires something more than luck.
There's sound reason for every
big swing in popular taste.
So, to account for Chesterfield's

swift rise, look to the cigarette
itself, its tobacco, its blending—
in short, its taste. This one thing
alone—its decidedly better taste
—explains why thousands of
smokers are changing from other
cigarettes to Chesterfield.

**Waiting For Landis to Tell All**

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 13—John Heyd-
ler's statement that "Commissioner
Landis cleaned up the Giant baseball
scandal recently in forty-eight
hours" seems to indicate that the
president of the National League
feels that the incident "is" closed.
Perhaps it is, as far as he is con-
cerned, because he seems to have
turned over all his evidence to the
commissioner and it really isn't his
business to proceed any more than
to turn over any more developments
he may find to the commissioner.

Landis is the head of organized
baseball. His position was created
and he was retained for the job for
the very purpose of acting in emer-
gencies to keep the game clean and
to maintain national faith and re-
spect in the game.

Since the world's series closed
and interest in baseball was tem-
pered by the excitement resulting
from a most thrilling football sea-
son, very little has been heard from
official sources about the investi-
gation that was to have been contin-
ued "until all the parties concerned
are dead."

Ban Johnson, it is true, made a
statement that he was going to con-
tinue an investigation on his own in-
itiative, but the prospects for action
were made rather vague, with the
reminder that it took more than a

year to get the goods on the White
Sox players, who were in the big
1919 scandal.

Baseball in general retired for the
season with a satisfied feeling that
followed the victory of the Wash-
ington Senators over the New York
Giants in the world's series. If
Washington hadn't been such a popu-
lar winner, the fans might be
sitting around now asking questions
about the scandal instead of re-
counting the great battle made by
Washington.

As long as there has been no na-
tional demand or no organized ef-
forts to have the spade dug more
publicly into the case, the commis-
sioner may get the idea that the
fans aren't particularly concerned
now and that their curiosity might
be satisfied with a few shouted
words and some wild gestures that
everything is all over and that there
is nothing more to be done.

If there is any such feeling
among the high officials of the game
it would do them good to get around
the country, incognito and listen to
some of the comment being made
about the scandal. If Landis had
been a little more liberal in giving
details when the case was at its
hottest point, he would have re-
duced the territory for the gossips
and would have voided the oppor-
tunity for so many conjectures,
guesses and "putting two and two
together."

On a recent trip through the mid-
dlewest, it was discovered that there

is far more curiosity about the
scandal that easterners might be-
lieve. There is also a general opin-
ion that the whole story has not
been told and because of a lack of
details the question has risen—
"What really is behind all this?"

Cambridge—Harvard's varsity
was strengthened today with the re-
turn of Condy and Mahr to the line-
up, who showed up well in scrimmage
against the scrubs who used Brown
plays against the regulars with little
success.

New Haven—The Yale eleven will
face the conquerors of Harvard next
Saturday without any scrimmage
practice since last week's game.
Coach Tad Jones announced. Secret
signal drill, punting and dummy
scrimmage will constitute the pro-
gram for the Eli.

Princeton—Coach Bill Roper sent
the Tiger team through a long de-
fensive drill yesterday on Yale plays
followed by practice of getting down
under punts. Roper said the team
will take it easy the rest of the
week.

URGES OBSERVANCE OF GOLDEN RULE SUNDAY

Gov. Emmett F. Branch Would Like to See Golden Rule Enshrined in Every Human Heart

WILL BE SUNDAY DECEMBER 7

Governor Emmett F. Branch would like to see the Golden Rule enshrined in every human heart. Through the effort of mayors of all Indiana cities he believes Golden Rule Sunday, December 7, may be made a great day.

In a letter addressed to mayors which in reality is a message to all the people of the state, Governor Branch makes this appeal:

"In order to encourage the widest possible observance of Golden Rule Sunday, December 7, 1924, I appeal to you for assistance in securing the cooperation of your entire community. There are various ways in which this may be done."

"First—by asking the people to keep the day in every household."

"Second—by observing the day in your own family."

"Third—by cooperating in every public celebration of the day."

"Fourth—by urging that the sacrificial gifts which are to be the outcome of the day, be sent at once to the state headquarters of Near East, 526 People's Bank Building, Indianapolis."

"I am depending upon you to help carry the Golden Rule message throughout our fair state," the governor emphasizes.

SIGMA DELTA CHI TO CONVENE AT INDIANA

Professional Journalistic Fraternity to Hold Tenth Annual Convention Nov. 17-19

FULL PROGRAM OUTLINED

Bloomington, Ind., Nov. 13—The Indiana university chapter will be the host to the tenth annual national convention of the Sigma Delta Chi professional journalistic fraternity Nov. 17-19, it was announced today.

A hearty welcome for the college scribes has been planned by the committee, of which Keith Masters, a senior, at Indiana, is chairman. Willis J. Abbott, editor of the Christian Science Monitor, has tentatively promised to address the convention. A full program has been outlined by the delegation.

T. Hawley Tapping, of the University of Michigan, national president, will have charge of the business sessions. James Wright Brown, owner of the Editor and Publisher, is national honorary president. Kenneth C. Hogate, of the Wall Street Journal, formerly of Danville Ind., is past national president.

J. W. Piercy head of the department of journalism, Indiana university, and Dr. William J. Bryan, president of Indiana university will welcome delegates on the opening day.

The Theta Sigma Phi, women's journalistic fraternity, will give a dance in honor of the delegates the second night, while the third day delegates will go to Indianapolis for a final business session and a tour of Indianapolis Newspaper plants.

FIRST SHORT COURSE TO BE AT BATESVILLE

Purdue University Announces Schedule for Farmers Short Courses to be Held in State

FIRST ONE BEGINS DEC. 9

Lafayette, Ind., Nov. 13—The first of the short courses for farmers held in Indiana annually will be given this winter at Batesville Dec. 9, 10, and 11, it was announced today at Purdue university.

Thirty-one requests for short courses have been received and a number have been booked for dates to be set later, according to G. M. Frier under whose personal charge the courses are conducted.

Only fifteen or eighteen courses can be handled during the winter months. Other cities which have booked the two or three day farm schools are: Huntington, Sullivan, South Bend, Rising Sun, Washington, Veedsburg, Salem, North Judson, Alexandria, and Portland.

Business men and farmers are cooperating in urging these events, and prospects are for the largest attendance this year than at any time during the past several years they have been held.

Lafayette—Mrs. Jane Kendrick leaned out too far while washing windows and fell, breaking her knee cap.

The Flu and You

Chiropractic Health Talk — No. 91.

By H. V. McCully, D. C., Ph. C.

We are now starting in the period of the year when Colds, Flu and Pneumonia are most common.

If poisons and toxins are staying in the body due to weakened liver, kidney and bowel action, then nature must do so—rid of them.

A fever is the adaptive action to accomplish this end and gives rise to the condition of so called Flu.

If the lungs are not receiving their full amount of Life Force their resistance is below par and they are not capable of carrying on the excess work thrown upon them at this time. Congestion takes place and so called Pneumonia is the result.

It is well to remember that the record in the Influenza epidemic showed one death in every 886 patients given Chiropractic Spinal Adjustments.

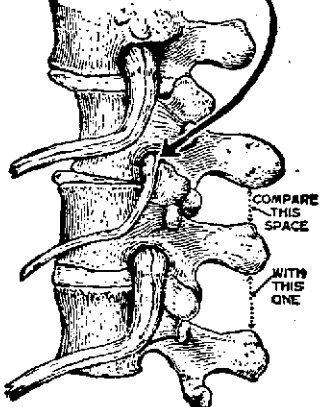

Chiropractic drives right at the cause and that is the reason its patients recover.

There is no substitute for our Chiropractic Adjustments to take care of the above conditions.

Given Up To Die

"My boy was having hemorrhages every three minutes. The case had become worse and was now pneumonia and physicians said the entire left lung had filled up. In the emergency I went for the chiropractor in my car and brought him back. Before the first chiropractic spinal adjustment was given, the hemorrhages were coming every minute, and the congestion had started in the right lung. But the hemorrhages were stopped almost immediately. The breathing became easier. As the days went by the boy became stronger and he was soon able to take a ride with me. He fully recovered and today is sturdy and strong with no hint of lung weakness." — A. F. Slingerland, Chiropractic Research Bureau, Statement No. 1343 C.

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 30 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

NEW COLLEGE FOR GARY

W. A. Wirt, Supt., Said Plans are Being Made for a University

Gary, Ind., Nov. 13—A new university for the city of Gary was envisioned by William A. Wirt, superintendent of the Gary public schools in an interview today.

He said plans are already being made for a college here that would take advantage of Gary's many facilities to aid the student while attending. An endowment of \$25,000 must be raised under the state law before the project can be started, however, he said, but added that the project was a possibility.

According to Wirt's plans the student would attend the school from 4 p. m. to 9 p. m. and work in one of the Gary steel mills or other industries during the remainder of the day. The ordinary four year course would be six years long, however, but after the student has completed his school course he would have six years of practical industrial training behind him to place him head and shoulders above other college graduates.

Bad Coughs Ended Quickly by Double-Action Remedy

Remarkable results in quickly clearing up the severest coughs have been obtained with a prescription by a well-known specialist that does two things at once. It not only soothes and heals the soreness and irritation, but it very quickly loosens and removes the phlegm and congestion which are the real cause of the coughing. It is often astonishing how speedily the cough stops. The prescription is known as Dr. King's New Discovery for Coughs. It is particularly valuable for night coughing. To promptly end this annoying and weakening scourge, simply before retiring take one teaspoonful of Dr. King's New Discovery and hold it in your throat 15 or 20 seconds before swallowing. People who have been unable to rest on account of continual coughing have often gotten their full 8 or 9 hours' sleep by this simple method.

Dr. King's is excellent, too, for children's spasmodic croup, bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

It is easy to understand the vast volume of good will the good Maxwell has rolled up.

The car earns it through sheer merit alone. You grasp this at once as soon as you become familiar with its powerful, yet agile performance, the easy, effortless manner in which it does its job, its comfort, its economy.

Then you say to yourself: No wonder these Maxwell owners are enthusiasts. They are enjoying a performance—an automotive service—distinguished by qualities never before found in a four, a performance worthy of a far higher price.

You, too, will confirm this judgment and add to the good will, directly you become really acquainted with the Chrysler-built Maxwell of today.

We are pleased to extend the convenience of time payments. Ask about Maxwell's attractive plan.

WELL, I SEE THERE WAS ANOTHER SUICIDE IN THE CITY. I CERTAINLY BEATS ALL HOW MANY PEOPLE TAKE THEIR OWN LIVES. DOESN'T IT?

YOU KNOW I'VE GOT A THEORY THAT EVERYBODY THAT COMMITTS SUICIDE IS REALLY CRAZY.

THAT'S ALL RIGHT AS A THEORY, BUT I KNOW FOR A FACT THAT ALL THE CRAZY FOLKS DON'T COMMIT SUICIDES!!

Let Your Engine Decide

Try the old habit of letting your motor go ahead as long as possible without the needed repairs for awhile.

Then try the right method of letting us inspect it and overhaul it at regular intervals.

And let your engine be the judge. It will tell you which is the best and wisest course to take.

Many Stars in Picture

That comedy represents the public's most popular form of entertainment is evident from the record attendance at the Princess theatre even since the opening of John M. Stahl's "Husbands and Lovers."

Seldom does a picture get the hilarious response that has been accorded this production. With a story treating on the ups and downs of early married life and a cast containing such favorites as Lewis S. Stone, Florence Vidor and Lew Cody, this First National picture presents familiar domestic entanglements in a new and humorous way that takes with everyone, young and old, married or single.

To reveal the story in detail would detract from the pleasure of those who have not yet seen the film. Suffice it to say that in its cleverness, its subtle, human touches, its laughter-provoking incidents and its true-to-life entirely it represents the height of motion picture achievement.

Not only is "Husbands and Lovers" perfect entertainment, but it puts forth some ideas that husbands—and wives—would do well to take seriously. There is no preaching or even a suggestion of it, but, although rich in humor, the picture, is anything but a comedy fluff. It has a deep understanding thought behind it. In this respect it somewhat resembles Stahl's last two pictures, "Why Men Leave Home" and "The Dangerous Age," which also had the same general setting, although there is no similarity in the plots.

TAKE STAND AGAINST LAW ENFORCEMENT

Citizens Erect Signs "No Game Warden Allowed to Trespass on Farm Without a Warrant"

IN 2 NEIGHBORING COUNTIES

Indianapolis, Ind., Nov. 12—Numerous prosecution of fish and game law violators in Johnson and Shelby counties in the vicinity of the county line, have aroused some citizens of the locality to take a decided stand against law enforcement, according to advises reaching the state conservation department.

Signs have been erected on several farms, according to George N. Mannfeld, chief of the fish and game division, reading:

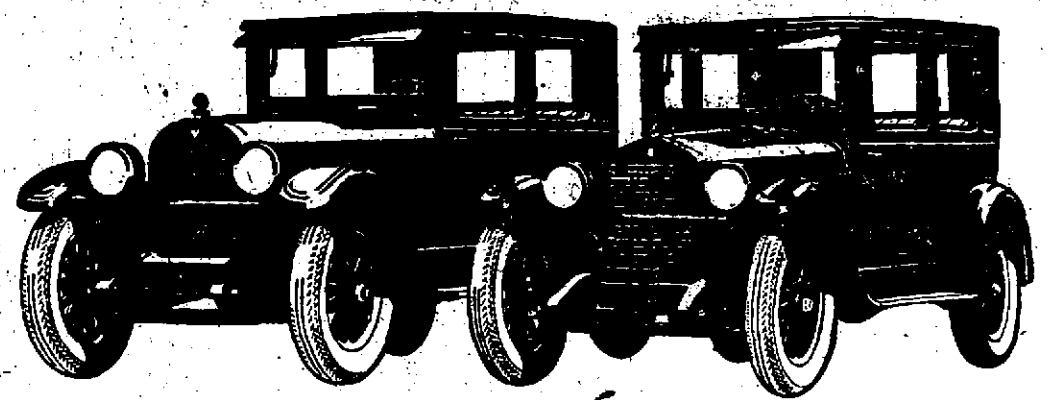

No Game Warden or Fish Commissioner Allowed to Trespass on This Farm Without a Warrant.

Mannfeld is of the opinion these signs were posted because several persons of the locality recently were forced to pay heavy fines and costs for violating fish and fur-bearing laws. He takes the position that placing such signs constitute prima facie evidence the owner or tenant is a violator, and points out that such signs will induce many who violate the laws to congregate there when in quest of game.

Instructions have gone out to the wardens to watch this territory with increased zeal.

Mannfeld says that his department last month confiscated several large seines and trammel nets in Shelby county.

From advises he is of the opinion that only a few farmers are organized in this movement against the warden service, and is optimistic in his belief that when these better understand that wardens are their best protection from lawless people who, if unrestricted, would soon exterminate wild life, farmers on posted lands will cooperate instead of working against the department.
